Through their experiences at SMC, students will:

**PERSONAL ATTITUDES & BEHAVIORS**

acquire the self-confidence and self-discipline to pursue their intellectual curiosities with integrity in both their personal and professional lives;

**ANALYTIC & COMMUNICATION SKILLS--**

obtain the knowledge and academic skills necessary to access, evaluate, and interpret ideas, images, and information critically in order to communicate effectively, reach conclusions, and solve problems;

**APPLIED SOCIAL KNOWLEDGE & VALUES**

respect the inter-relatedness of the global human environment, engage with diverse peoples, and acknowledge the significance of their daily actions relative to broader issues and events;

**APPLIED KNOWLEDGE & VALUATION OF THE PHYSICAL WORLD**

take responsibility for their own impact on the earth by living a sustainable and ethical life style.
