a list is just fine! I don't think our visitors will want to read goo gobs of stuff about the actual projects and if they do, they can ask when they get here!

Thanks again, Sherri!

OK. I'll have to get Katie to print out all documents from the manual. I'll start by sending you the list of sabbatical awardees. I have the agenda items, but I don't have summaries of the projects.

Thank you Sherri. Unfortunately the link isn't working for Becky. We need the documents at this point.

The sabbatical links on the committee website are broken, at least for us. I've tried from home and work. That's why we need the actual hard copy list. Oh -- maybe it'd be on a BOT agenda but we're absolutely blind at this point searching and searching and searching the agendas and minutes for what we need...if you can give me a date when it goes to the Board, I'll look it up. And actually, the list of recipients is fine...let the visiting team ask for more if they want it.

Thanks again,

Erica

Hi Erica,

Katie informed me that she sent a link to the HR Manual to Becky. I can have her resend it on Monday.

The Senate website should have an overview of the sabbatical projects from 15-16. I only have a list of the recipients.

I'll let Marcy, Gloria or Flavio answer the PDC question.

Thanks,  
Sherri

Hi guys,

We are down to the wire on the Accreditation Self-Evaluation, trying to fill some lingering "evidence holes." We need the following documents (not links, not references to where we might find them, but the actual documents as attachments):

- Human Resources Manual
- Overview of the 2015-16 Sabbatical Projects
- PDC survey results (if this is something you get as part of the tracking of faculty participating in the flex days)

Even if you don't have these, can you possibly confirm that these really exist and maybe give us a hint as to who we should hit up for them? We are at "critical mass" in trying to get this finished.

Thanks so much!!

Erica
