2. **Action Items:** The committee voted unanimously to approve the March 20, 2015 meeting minutes as amended.

3. **Action Items:** None

3. **Announcements:**

- Jamie: informed the committee that ISC adopted the Technology Vision Statement and forwarded it to the Academic Senate. She also relayed the issue of BYOD was discussed by the ISC and an area of great interest.

- Lee: Provided an update on the College's BYOD technology and strategy put in motion in the TPC several years ago. The College now has the capability provide Virtual Application and Desktop services at a small scale. This scale will increase after the Fall data center equipment refresh--and allow IT to expand the virtual service offering to staff and faculty.

5. **Reports:** None

6. **Old Business:**

- TPC Focus 2015-16: The committee discussed specific areas of TPC focus for 2015-16. Several members of the committee spoke about logical areas that require attention to include: BYOD, the SMC

Members of the committee spent time discussing the College's Web Site, Mobile Application, Wireless Access/Coverage, Media Services such as Lecture Capture, Distance Education Platform, A common faculty and staff Portal and Dashboard with searchable links to commonly needed resources and information.

- Since the responsibility for the College's web site had recently been transferred to a new business unit it was decided to confer with Dean Kiersten Elliott and invite her and team to meet with TPC at the committee's next meeting.
