

## **The Welcome Center Congratulates this Year's Student Ambassadors on Joining our Outreach & Onboarding Team**

The Ambassadors Program has a legacy of student leaders who are committed to uphold the core values of Equity and Social Justice at Santa Monica College since 2009! They are dedicated to fostering a sense of belonging and promoting a culture of peer-to-peer support. The Student Ambassador program is designed to engage students in service through leadership focused within the essential area of the College's Outreach and successful Onboarding of new students. Ambassadors represent a diversity of student's perspectives which empower them to help prospects, applicants and first-time traditional and non-traditional new students successfully launch their pursuit of Higher Education at SMC. The Ambassador program continues to be grounded in the philosophy of servant leadership, and engages the current and Future Alumni of Santa Monica College in the praxis of Mattering and College Success.

## **2021-2022 Student Ambassador Applications**
