Program Review Update and CE - Hannah Lawler
A recording of this presentation will be shared with the committee.

CE Faculty Grant Admin Professional Development – R. Casillas, J. Landa & S. King
Sasha King shared a spending timeline for the committee to review and for the committee to have for future reference. The committee is reminded that November 18th is the deadline to spend down all Perkins funds.

BDP Potential Program Application Presentations

There were three presentations presented to the committee. Applied Accounting, Respiratory Care and Cloud Computing. Each presentation discussed the advantage of having a Bachelor's program

and the challenges with other community colleges and four year college that may have similar programs.

BDP Discussion

The committee continues the discuss about BDP. A power point slide is presented to the committee. The committee discusses both deadlines (January and August) and how one program can be the start of the pipeline for future programs, it takes two years to build the program. The committee wants to focus on all three programs to move forward and decided which program is more prepared to move forward. The committee would like to know what resources each program would need from the district. Is there investment needed in additional equipment? Software? Other?

Action Items

Vote on BDP Program for 2023 Application

The CE committee recommends the college support a Bachelor's degree in Cloud Computing, Applied Accounting and Respiratory Care with the Cloud program being pursued at the earliest available date.

Motion to move forward Danna Nasser, second by Nancy Grass.
All in favor, no abstentions, no oppositions
