Guido reported that Dan Nannini, Transfer Center Coordinator, suggested that the Curriculum Committee submit the Sociology AA-T degree to the Chancellor's office at the earliest possible time.
- e. Global Citizenship Degree requirement Gail Fukuhara, Faculty Program Leader for the International Students Center, and Peggy Kravitz, Counseling were present on invitation of the Curriculum Committee.

There was an extensive discussion on whether the experience of F-1 students while studying at SMC and being immersed in the culture here in the US equates to fulfilling the defined goals of the Global Citizenship Degree requirement.

The Committee explored ways in which the global citizenship experience of F-I students could be assessed, including suggestions of revising Counseling 11 to include Global Citizenship, or designing a course for F-I students and veterans.

There was consensus that the committee further explore this issue, including the current acceptance of Study Abroad as fulfilling the degree requirement.

The *Chair* also announced that Linda Sinclair of the Veterans Resource Center would be present at the next curriculum meeting on May 4, 2011 to represent the veteran student population of Santa Monica College and inform the Curriculum Committee on how their experience may qualify to fulfill the Global Citizenship requirement.

The next Curriculum meeting will be on Wednesday, May 4, 2011 at Drescher Hall – Loft 300E.

Respectfully Submitted,

9.01 S11 College Level Examination Program (CLEP) Exam Equivalency List Estela Narrie, Santa Monica College, Transfer and Articulation Committee

Whereas, Resolution 9.04 F10 "College Level Examination Program (CLEP) Exam Applicability to Associate Degree General Education Requirements" called for the development of a suggested system-wide policy template regarding the use of CLEP exam scores for meeting associate degree general education requirements for local consideration and potential adoption;

Whereas, Title 5 regulations outline specific general education area requirements that each college must include for the associate degree (Title 5 §55063, Minimum Requirements for the Associate Degree), and an increasing number of students, including many enlisted military personnel, are requesting general education credit based on CLEP exam scores;

Whereas, Many students attend more than one California community college, and currently CLEP exam equivalencies may not exist or may vary greatly among the California community colleges; and

Whereas, An overwhelming majority of Articulation Officers throughout the California Community College System support the development of a California community college general education (CCC GE) CLEP exam score equivalency list that is aligned with the California State University (CSU) GE CLEP exam score equivalency lists;

Resolved, That the Academic Senate for California Community Colleges urge local senates to adopt and implement the proposed CCC GE CLEP exam score equivalency list.
