

Student Affairs Committee

This past summer, the committee said farewell to longtime Chair Bea Magallon, who retired after 25 years of dedicated service at SMC. Bea's leadership shaped the committee's work and helped ensure that our regulations put students first. Her thoughtful guidance, steady presence, and commitment to collaboration will be deeply missed. Thank you, Bea, and congratulations on your retirement!

This committee reviews, revises, and develops district administrative regulations tied to student services and student affairs. Our work is a true collaboration among faculty, administrators, and students, each bringing a distinct perspective to the table. Together, we weigh the realities of classroom, campus operations, and student life. The decisions we make have a direct impact on students and the campus community.

This fall, we have already revised AR 4240 Academic Renewal. We look forward to continuing to strengthen our regulations, welcoming fresh ideas, and keeping students at the center of every decision.
