**IV. SUPERINTENDENT'S REPORT**

**Graduation:** Graduation festivities will begin with a pre-graduation reception for the commencement speaker Dr. Gene Block and two outstanding alumni, Dr. Jeremy Pal and Eddie Guerboian. Graduation will be held at 6 p.m. on Corsair Field.

**Management Association Update:** Board Chair Rob Rader presented a gift to Management Association President Mona Martin, who ends her one-year term as president on June 30. Mona Martin reported that Kiersten Elliott, Associate Dean of Enrollment Services, will take over July 1st as president for 2008-09; Erica LeBlanc, Dean of Academic Affairs, is president-elect; Lisa Rose, Executive Coordinator of District/Board of Trustees Office, continues on as secretary; and Regina Jennings, Project Manager for CAHSEE, will serve as treasurer. The Management Association "Above and Beyond" award went in May to Lin Caldwell, administrative assistant in the SMC President's Office.

**Tentative 2008-09 Budget:** SMC's lobbyist in Sacramento, Dale Shimasaki of Strategic Education Services, reported there is still great uncertainty about the state budget situation. However, college officials have said that SMC is projected to end this fiscal year with a healthy level of reserves. At the same time, the college is seeking to reduce its annual operating deficit by \$12 million over the next three years.

**Solar Power:** Greg Brown, Director of Facilities Planning, reported that the college is taking a three-pronged approach to studying the feasibility of the use of solar power at SMC. The college has completed one study that has concluded that in the short term the best site for installing solar power on campus is Parking Structure C. The college is seeking state and private funds for a solar retrograde project for the parking structure. In addition, the college is cooperating with the City of Santa Monica on its comprehensive solar feasibility study that will provide a long-term view for the main campus and SMC's satellite sites. The college examines solar power feasibility when planning all new buildings.

MAJOR ITEMS OF BUSINESS

**INFORMATION ITEM G**

**SUBJECT:** **VOCATIONAL EDUCATION/WORKFORCE DEVELOPMENT**

**SUBMITTED BY:** Superintendent/President

**SUMMARY:** The Occupational Ed Committee, with support from the Workforce and Economic Development Department, is continuing to expand and enhance SMC's vocational course menu using the annual Vocational and Technical Education Act (VTEA) fund and other categorically-funded resources. For 2008-09, the committee has endeavored to bring existing vocational programs up-to-date with industry standards while attempting to address the environmental movement. With all vocational programs participating in the distribution process, the following highlights the committee's strategies for the current year:

- Explore new ways of expanding the capacity of all vocational faculty – as they pertain to emerging industry trends and the skills needed to gain entry into the workforce
- Deploy better student/graduate tracking mechanisms – to ensure continued communication between SMC and graduating students
- Encourage a wider understanding of the environmental movement
- Strengthen the working relationship between campus programs, departments, student services, and special projects
- Set-aside resources to support the creation of new vocational courses that align with the trends of business/industry

**MAJOR ITEMS OF BUSINESS**

**RECOMMENDATION NO. 2      FIVE-YEAR CONSTRUCTION PLAN 2010-2011**

**SUBMITTED BY:** Superintendent/President

**REQUESTED ACTION:** It is recommended that the Board of Trustees approve the filing of the Five-Year Construction Plan, 2010-2011 including Initial Project Proposals and Final Project Proposals, with the State Chancellors Office.

Five-Year Plan Priority Listing: See following page

Initial Project Proposals (IPP): Health, PE, and Fitness, Career Advancement and Opportunity Center, Madison East Wing Seismic Renovation

Final Project Proposal (FPP): Early Childhood Education Center

**COMMENT:** The Five-Year Construction plan identifies all potential future projects, especially those that may be eligible for state matching funds. The District selects projects that are expected to have the greatest possibility of state funding to be developed into an IPP. If the state approves the IPP, then the project can be developed into an FPP the following year.

The projects are listed in order of priority for state funding purposes only. Projects that are more likely to receive state funding are ranked higher. This does not necessarily reflect the District's priority rankings for these projects.

Comment: The Marketing Department provides for the media component of student recruitment (advertising, class schedule, direct mail). Marketing also provides the graphic arts and printing services required by the college for all its departmental programs. Recruitment is handled by Outreach, which is a separate department under Enrollment Management. Community Outreach is a term of art and does not exist as a separate department.

The 2008-09 budget for the marketing department is the same as the 2007-08 budget, \$1,351,500. Of this, about \$960,000 is related to the production and placement of media (radio, print, bus, banner, web) for student recruitment.

Certificate of Participation and any District required expenditure matches for scheduled maintenance/physical plant, special repair projects and architectural barrier removal.

Also included in this fund is the Earthquake Redevelopment Revenue from the City of Santa Monica for the replacement of the earthquake-damaged Liberal Arts building.

All capital expenditures and revenue in the Special Reserve Fund, as well as Fund 41.0, Fund 42.2, and 42.3 reflect the total expenditure allocation and the total revenue for all projects, and are not limited to the current year, thus resulting in a zero ending balance. These funds cannot be transferred into the general fund.

#### Earthquake Fund (41.0)

This fund reflects the FEMA and OES funding received and expended as a result of the damage incurred at Santa Monica College due to the 1994 Northridge Earthquake. These funds are for the Liberal Arts Replacement (Humanities and Social Sciences Building) Project, the District's last earthquake project.

#### Measure U (42.2)

This fund reflects the revenue from the sale of bonds approved through Measure U and the interest earned in the fund. The expenditures in this fund relate to the college construction plan approved under Measure U.

#### Measure S (42.3)

This fund reflects the revenue from the sale of bonds approved through Measure S in November, 2004 and the interest earned in the fund. The expenditures in this fund relate to the college construction plan approved under Measure S.

#### Bond Interest and Redemption Fund (48.0)

This fund is administered by the Los Angeles County Treasurer's Office and reflects the receipt of property tax revenue due to voted indebtedness for bond issues and the payment of interest on those bonds plus the redemption of the bonds that mature within the 2008-2009 fiscal year. This information is provided by the Los Angeles County Treasurer's Office through the Los Angeles County Office of Education.

#### Student Financial Aid Fund (74.0)

This fund consists of all student financial aid programs (PELL, SEOG, EOPS and Cal Grants). Transfer line items reflect a transfer from the Unrestricted General Fund to meet the match requirements of the individual grant programs.

#### Auxiliary Operations

This budget reflects the revenue and expenditures of the auxiliary operations of the District, namely the bookstore, the food and vending concessions, and college expenditures in programs such as Athletics, Music, Theatre Arts, the *Corsair* student newspaper and transportation.

### **CONCLUSION**

This is the recommended budget for acceptance. It reflects the best information currently available. It is expected that changes will occur between now and the Adopted Budget. Some changes will be the result of revised state revenue, and others will be internal adjustments resulting from new or updated revenue information and expenditure reduction efforts.

Comment: The Public Contracts Code Section 20652 allows for public education entities in the State of California to place orders under these competitively bid contracts without advertising. There are significant cost savings to the district by joining in purchasing agreements with other agencies.

General Fund Unrestricted	\$148,070,687
General Fund Restricted	<u>\$28,422,727</u>
<i>Total General Fund</i>	\$176,493,414

Special Reserve Fund (Capital)	\$4,476,500

Student Financial Aid Fund	\$13,932,801
Auxiliary Operations	<u>\$4,795,883</u>
<i>Total Other Restricted</i>	\$107,660,732

**TOTAL PROPOSED TENTATIVE BUDGET      \$284,154,146**

The 2007-2008 fiscal year is projected to close with an Unrestricted General Fund ending balance of \$17,706,008 which includes \$9,193,886 of Contingency Reserve.

**GENERAL FUND**

General Fund Unrestricted Revenues (01.0)

These are the only funds available for the general operations of the College. All other funds are restricted.

The two largest drivers of revenue generation for the District in any given year are the Cost of Living Adjustment (COLA) and growth funding. The proposed California Community College System budget for 2008-2009 provides for a Cost of Living Adjustment (COLA) of 0.00%. The District projects that, based upon information received in the Governor's "May Revise," the District will be allotted a 1.14% growth rate in the coming fiscal year, but the District does not anticipate FTES beyond restoration to achieve any growth funding for fiscal year 2008-2009.

The largest source of revenue for the District is state funding. The state funding formula is based on the combination of property taxes, enrollment fees and principal apportionment funds added together to equal the estimated State General Revenue. The figures in the tentative budget are based on estimates from the Chancellor's Office adjusted by the District's enrollment projections. The District is still awaiting the receipt of the official P2 report and the Advanced Apportionment report. Therefore, adjustments to revenue should be anticipated between the tentative budget and adopted budget. If actual receipts of either property taxes or enrollment fees differ from projections, principal apportionment funding will be adjusted to keep the formula constant.

State Lottery revenues are also a large source of state funding for the District, and they are based each year on the District's annual Full Time Equivalent Students (FTES) and the amount of revenue the State generates from Lottery sales. The District anticipates growth in Lottery revenue in the 2008-2009 fiscal year.

Local revenues are a combination of property taxes and revenue generated at the college level through the charging of fees and fines and through interest earned on cash. The District anticipates a small drop in local revenue in fiscal year 2008-2009.

#### General Fund Unrestricted Expenditures (01.0)

The District's largest expenditures are related to salary and benefits. The salary and payroll benefit related expenditure projections reflect appropriate step, column and longevity increases for all qualified employees, as well as any increases that will occur as specified in the collective bargaining agreements. In particular, the \$3,023,300 increase in the hourly instructional budget is based upon implementation of new contractual agreements as well expenditures related to the District's forecast of increased FTES. To enhance the usefulness and transparency of the District's financial records, a new expenditure line has been added to the major salary and benefit sections of the budget. The new lines titled "Vacant Positions" represent the full year's compensation for all vacant positions approved for hiring. The addition of these lines is intended to depict clearly the approved expenditure levels in the salary and benefits areas. As the year progresses, a second new line will be introduced to represent any cost savings achieved through delay in the hiring of approved positions.

In the discretionary section of the expenditure budget (Supplies, Services and Capital), there was an increase in budget of approximately \$96,000 over 2007-2008. This compares with increases of \$255,000 in 2007-2008, \$1,646,000 (excluding Compton-related expenditures) in 2006-2007, and \$1,522,000 in 2005-2006. It is therefore evident from historical data that approved discretionary budget increases in for 2008-2009 are at the lowest level in several years.

The Contracts/Services line item in the tentative budget includes: Rents/Leases (i.e. Madison Site, Swimming Pool, Big Blue Bus) 21%; Other Contract Services (i.e. Pest Control, Child Care Collaborative) 18%; Advertising (targeted to increase FTES) 12%; Repairs of Equipment 10%; Bank Fees and Bad Debt 7%; Postage and Delivery Services 6%; Conferences and Training 5%; Legal Services (including those for the Personnel Commission) 4%; Off-Campus Printing 4%; Consultants 4%; LACOE Contracts (i.e. PeopleSoft, HRS) 2%; Memberships and Dues 1%; Repairs on Facility 1%; Audit 1%; and Other Services – all under 1% of budget (i.e. Software Licensing, Mileage, Professional Growth, Fingerprinting, Board Meetings, Field Trips) 4%.

### **RESTRICTED FUNDS**

#### General Fund Restricted (01.3)

This fund represents restricted funding that is received by the District from federal, state and local sources. The restricted lottery revenue is by law allocated to the purchase of instructional materials. All grants that do not end by June 30, 2008 will be carried over to the 2009-2010 budget.

When received, new grants will be presented to the Board of Trustees for approval, and the District's budget will be augmented to reflect the increase.

#### Special Reserve Fund (40.0) Capital

This fund is also known as the Capital Expenditures Fund. State funding for capital projects and required expenditure matches to state funding for scheduled maintenance/physical plant, special repair projects and architectural barrier removal are reflected in this fund. The main source of revenue for this fund is the non-resident capital surcharge. Those funds are used to cover the installment payments for the AET
