BOARD OF TRUSTEES	REGULAR MEETING
SANTA MONICA COMMUNITY COLLEGE DISTRICT	June, 2013

IV. SUPERINTENDENT'S REPORT

- Celebrate America on June 29th was a very successful event for the college and the neighbors. Corsair Field and the stadium seats were full, and the fireworks were outstanding.
- Professional Development Seminar in Beijing: A group of 18 faculty and staff were in Beijing, China as part of this professional development seminar. The sentiment of the participants was that it was an honor and a pleasure to be part of the cohort selected to represent SMC at the Beijing Center. The trip was enjoyable, memorable and life-changing.
- State Budget: On June 27, 2013, Governor Brown signed AB110, the 2013-14 Budget Act. The 2013-14 Budget assumes the same level of state revenues as the May Revision, even though the Legislative Analyst's Office forecast for revenues is \$3.2B higher. The amount of state revenues available will be revisited in January, and may result in an increase in resources to be distributed. The 2013-14 Budget totals 98% of the 2007-08 Budget for the community college system. The major provisions of the 2013-14 State Budget which impact the community colleges are:
 - 1.57% cost of living adjustment
 - 1.63% growth/workload restoration
 - \$30 million to buy down cash deferrals
 - \$48 million from Proposition 39 for energy efficiency projects
 - \$118 million in categorical funds:
 - ✓ \$50 million in student support services
 - ✓ \$30 million (one-time) for deferred maintenance
 - ✓ \$15 million for DSPS
 - ✓ \$15 million for EOPS
 - ✓ \$8 million for CalWORKS
 - \$25 million for adult education consortium planning grants

For Santa Monica College:

- \$3.1 million in new monies
- Increase in categorical funding
- Total Computational Revenue goes from \$101.2m to \$104.3m
- At P2, the CCCCO shows a \$4.8% deficit factor (expected to finalize at 2%), attributed primarily to the failure on funds redirected from the demise of redevelopment agencies to materialize at the levels previously projected by the State
- Ending fund balance for 2012-13 will be determined by the deficit factor and year end closing numbers
- Bond Sales: On June 5, 2013, the District had a successful sale of \$131.8M in General Obligation Refunding Bonds. The bonds were sold in two series: the 2013 Series A non-taxable bonds which totaled \$108.4M and the 2013 Series B taxable bonds which totaled \$23.4M. The gross savings to the taxpayer is \$12.2M and the net present value savings is \$10.2M with virtually all of the savings realized through the 2013 Series A sale. The 2013 Series B realized \$66K in savings. However, the refunding of the 2013 Series B bonds dropped the tax levy from a high of \$27.75 to a low of \$21.00 per \$100K of assessed valuation. Refunding of the 2013 Series A bonds dropped the tax levy from \$25.91 to \$23.57. Overall interest paid on the bonds is 3.05%.

In addition to advising the District and to overseeing the sale, the District's financial advisor, First Southwest, negotiated with the underwriters on their fees. The reduction of the underwriter's fees totaled over three times what the District paid for the financial advising services. The Cost of Issuance was \$316,000.

- Enrollment, Summer/Fall 2013: The college initially planned summer session 2013 to be the same size as 2012 in terms of number of classes – about 750 credit and noncredit sections. However, there was a reduction in the student demand (about 1,100 fewer students), and 41 sections were cancelled. This trend is consistent throughout the state. The college needs to increase its marketing and recruitment strategies. For fall 2013, enrollment is running about two percent behind in comparison to fall 2012. With 55 days until the opening of fall, staff will continue to monitor enrollment on a daily basis.

MAJOR ITEMS OF BUSINESS

RECOMMENDATION NO. 1

SUBJECT: **AGREEMENT FOR ARCHITECTURAL SERVICES – STUDENT SERVICES BUILDING**

SUBMITTED BY: Vice-President, Business/Administration

REQUESTED ACTION: It is recommended that the Board of Trustees approve the contract with MORRIS ARCHITECTS for planning, design and construction administration for the Student Services Building project for \$3,825,500 plus reimbursable expenses.

SUMMARY: This project will consolidate various Student Services departments into one building, strategically located on the SMC Main Campus. This will provide centralized access and a one-stop service delivery location to more efficiently serve the approximately 35,000 students per year at Santa Monica College.

The project is conceived as being three stories above ground in height, with three levels of underground parking. Surface and below-ground roadways will connect the underground parking to Pico Boulevard.

Architectural Services will include the planning, architectural design, preparation of bid and construction documents, approval of plans by the Division of State Architect, and construction oversight for the proposed new building.

On June 6, 2013, three architectural firms with previous experience working for Santa Monica College were invited to interview and present their preliminary design and concepts for this project. The three firms were DLR Group, Gensler and Morris Architects. Of the three firms, the selection committee recommends Morris Architects as the firm that best fits the project needs. The selection committee consisted of administrative and faculty members; Don Girard, Erica Leblanc, Teresita Rodriguez and Mike Tuitasi.

Morris Architects is a nationally recognized firm that uses advanced design technology and specializes in education, civic, entertainment and hospitality industries. Morris is the architect of the Information and Technology Relocation Building currently in construction, as well as the architect for past Santa Monica College projects such as the Bundy West Renovation, Campus Quad, Bundy North Traffic Road, Bundy Classroom Completion, and the Temporary Modular Offices and Bike Rack Relocation projects. The core project team and consultant team that Morris has assembled for the Student Services Building focus on community college campuses and the majority of the consultant team has worked on past projects at SMC. Morris is now part of the Huitt-Zollars companies with 18 offices and 430 team members.

The selection of Morris Architects was due in no small part to their proven ability to work with the various College user groups. They listen and communicate well and are able to distill the disparate information into a cohesive design. When necessary they are gentle but effective leaders that help the many factions reach a consensus. They have demonstrated the ability to coordinate with staff/users to meet project deadlines.

Morris was also chosen for their experience on this type of project. They presented Student Services Centers and Community College and University projects of similar type and scale as the SMC Student Services Building. These projects include the Student Service Center at Los Angeles Mission College, Undergraduate Academic Center Building at Texas State University, Spencer Student Success Center at San Jacinto College, South Campus, Longenecker Student Success Center at San Jacinto College, North Campus, Student Services Renovation at Blinn College and the Chaney Student Center Seibel Wing at Galveston Community College.

This firm has always shown a commitment to presenting sustainable approaches to their design. They have a solid history of designing USGBC LEED projects and are currently doing the Silver LEED Certification for the IT Relocation project. Morris also has a vast experience working with the Division of State Architect (DSA) due to their experience working on community college projects and were able to obtain DSA approval in record time for the IT Relocation project.

The Morris team presented two designs, with renderings and models, to describe the innovative possibilities for the new Student Services Building. The solutions were straightforward, practical and functional while having good design elements to enhance the experience on campus. The Morris approach to the extension of the Quad to the Pico entrance provides for a pedestrian and vehicular friendly experience at the front door to the campus. The plaza will minimize the amount of paving along Pico Boulevard and the building will have a relationship along Pico.

RECOMMENDATION NO. 2

SUBJECT: **FIRST READING - BOARD POLICY SECTIONS 2162, CONFLICT OF INTEREST CODE CATEGORIES, AND 2163, CONFLICT OF INTEREST CODE DESIGNATED POSITIONS**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees conduct a first reading of Board Policy Sections 2162, Conflict of Interest Code Categories, and 2163, Conflict of Interest Code Designated Positions.

SUMMARY: Board Policy 2162, Conflict of Interest Code Categories: Category 6 has been added.

Board Policy 2163, Conflict of Interest Code Categories: It has been determined that the Senior Director of Institutional Advancement/SMC Foundation, the Director of Classified Personnel, and members of the Personnel Commission are required to file a Statement of Economic Interest. Also, the titles of Dean, Workforce Development and Project Manager/Athletics have been corrected. Consultants/New Positions are included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code, subject to the following limitations:

The Superintendent/President or his or her designee may determine in writing that a particular consultant or new position, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with disclosure requirements of this section. Such written determination shall include a description of the consultant's or new position's duties and, based on that description, a statement of the extent of disclosure requirements. The Superintendent/President or his or her designee's determination is a public record and shall be retained for public inspection in the same manner and location as the conflict of interest code (Government Code Section 81008).

The County of Los Angeles Board of Supervisors approved the amended Conflict of Interest and Disclosure Code for the Santa Monica Community College District at its meeting on May 24, 2013.

BP 2162 Conflict of Interest Code Categories

Category 1: Persons in this category shall disclose all interests in real property within the jurisdiction. Real property shall be deemed to be within the jurisdiction if the property or any part of it is located within or not more than two miles outside the boundaries of the jurisdiction or within two miles of any land owned or used by the agency. Persons are not required to disclose property used primarily as their residence or for personal recreational purposes.

Category 2: Persons in this category shall disclose all investments and business positions.

Category 3: Persons in this category shall disclose all income and business positions.

Category 4: Persons in this category shall disclose all business positions, investments in, or income (including gifts and loans) received from business entities that manufacture, provide or sell service and/or supplies of a type utilized by the agency and associated with the job assignment of designated positions assigned to this disclosure category.

Category 5: Individuals who perform under contract the duties of any designated position shall be required to file Statements of Economic Interests disclosing reportable interest in the categories assigned to that designated position.

In addition, individuals who, under contract, participate in decisions which affect financial interest by providing information, advice, recommendation or counsel to the agency which could affect financial interest shall be required to file Statements of Economic Interests, unless they fall within the Political Reform Act's exceptions to the definition of consultant. The level of disclosure shall be determined by the Superintendent/President.

Category 6: Persons in this category shall disclose all income from any Santa Monica Community College District employee, any representative or association of such employee, and business position or income from any entity owned or controlled by such employee or his/her spouse or other financial dependent.

RECOMMENDATION NO. 3

SUBJECT: **ANNUAL AGREEMENT WITH BLACKBOARD CONNECT ED**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees approve the annual agreement with Blackboard ConnectEd for communication services in the amount of \$27,200 for 154,000 message units (including support fee).

FUNDING SOURCE: 2013-2014 District Budget/Enrollment Development

SUMMARY: This is a renewal of the annual agreement with Blackboard ConnectEd that enables staff to record, schedule, send, and track thousands of voice and text messages. The service has enhanced enrollment management communication, providing opportunities to improve outreach and retention services through targeted messages, by telephone, to students. The system also serves as the District emergency communication system. The events of June 7, 2013 marked the first time the District fully used the capabilities of the Blackboard ConnectEd, and staff are currently evaluating the efficacy of these services.

INFORMATION ITEM 4

SUBJECT: **OVERVIEW OF 2012-2013 GRANT-FUNDED PROJECTS**

SUBMITTED BY: Superintendent/President

SUMMARY: In 2012-2013, SMC managed roughly \$6 million through 26 grant projects funded by local, state, and federal agencies, all of which are supportive of the college's mission. This included 11 new awards, valued at about \$5.6 million in additional revenue, with slightly more than \$1.6 million to benefit 2012-2013 directly. In addition, two of these grant awards, while not offering direct cash support, include significant in-kind support, in the form of human resources, valued at about \$120,000. All 11 new awards reflect innovation across campus, particularly in CTE, from Health Sciences to Sustainable Technologies to STEM technician training, as well as CTE student success in general.

In total, the college submitted 18 proposals to support the 2012-2013 academic year. In addition, the college was a collaborative partner in two proposals submitted by other institutions, including a proposal to the National Science Foundation submitted by UCLA and a proposal to the Stuart Foundation, submitted by Loyola Marymount University. Of the 20 proposals submitted by or on behalf of the college, 11 were funded, including the proposal submitted by LMU to the Stuart Foundation. As such, the college achieved a success rate of 55 percent.

INFORMATION ITEM 5

SUBJECT: **2012-2013 CURRICULUM COMMITTEE ANNUAL REPORT**

SUBMITTED BY: Guido L. Davis Del Piccolo, Curriculum Committee Chair, and Georgia Lorenz, Curriculum Committee Vice-Chair

The work of the Curriculum Committee this year was significantly impacted by mandates and requirements placed upon the community college system and Santa Monica College by the changes at the state level and the Chancellor’s Office. In particular, this involved reworking degrees for transfer (SB 1440 compliant degrees), engaging in preparations now required in order to submit future transfer degrees for approval, and addressing the new limits on course repeatability now in place.

Student Transfer Achievement Reform Act (SB 1440)

Approved Degrees (as of June, 2013)

- Art History AA-T
- Business Administration AS-T
- Early Childhood Education AS-T
- History AA-T
- Mathematics AS-T

In order for the above degrees to remain active, the Chancellor’s Office now requires all core courses of the degree to have C-ID (Course Identification Numbering System) approval. The goal of the C-ID process is to establish a system-wide common course numbering system for courses included in transfer degrees. This requires submission of course outlines of record to the “C-ID approval process” for review. This is necessary even in those cases where there are long standing articulation agreements in place with CSU and UC institutions. This has compelled the college to revise many of its courses, often simply to make more explicit what previously was implicit in course outlines of record. This has been a time consuming process and there have been a few obstacles. For example, Business AS-T requires Economics 1 (Microeconomics) and Economics 2 (Macroeconomics). The finalized C-ID Descriptors for these courses require a Math prerequisite (which neither of the Economics courses has). This is problematic because Math prerequisite cannot be justified based on content review nor based on statistical validation. Therefore, there are no grounds for applying the Math prerequisite. Thus, there is concern that the Economic courses will not be granted C-ID approval. The consequence of failing to have C-ID approval will be to lose the Business AS-T. Additionally, several difficulties have been encountered in gaining C-ID approval with the other required courses in the Business AS-T (e.g., Accounting 1 and 2, Business 5). It was decided to begin with the Business AS-T because it is the most useful and popular for students.

The core courses of the other Transfer Degrees either have been submitted or are in the process of being submitted. Additionally, the new regulations now require C-ID approval for courses prior to submitting for approval of any additional AA-T/AS-T degrees which prolongs the process for developing them.

Approval for the following courses have been granted:

• COM ST 11 • COM ST 16 • COM ST 35	• COM ST 37 • GEOG 1 • GEOG 5	• GEOG 11 • GEOG 14 • MEDIA 1	• JOURN 15 • JOURN 17 • JOURN 21
---	-------------------------------------	-------------------------------------	--

Courses in the following disciplines for C-ID approval have been submitted (or will be submitted this summer)

• Accounting • Anatomy • Anthropology • Art • Art History • Business	• Communication Studies • Computer Applications (CIS) • Early Childhood Education • Arts Economics • Geography • Geology	• History • Journalism • Kinesiology • Mathematics • Media Studies • Theater
---	---	---

Anticipated Degrees for Transfer (for submission in 2013-14)

• Anthropology (AA-T) • Communication Studies (AA-T) • Geography (AA-T)	• Geology (AS-T) • Journalism (AA-T) • Kinesiology (AA-T)	• Psychology (AA-T) • Studio Arts (AA-T) • Theater Arts (AA-T)
---	---	--

Limits on Course Repeatability

As a result of Title 5 changes to course repeatability for “active participatory courses”, the Curriculum Committee has been working with the departments most impacted by these limits. These departments include: Art, Cosmetology, Dance, Journalism, Kinesiology/Physical Education, Music, and Theater Arts. Faculty in these areas have been developing and revising curriculum to serve the diverse needs of students. Several new courses (below) have been developed as a result of the new limits on repeatability. Additionally, a course list (and documentation) of allowable exceptions to the “no repeatability” regulations is being actively developed.

New Degrees and Certificates

The Curriculum Committee approved several innovative degrees and certificates based on the expertise of the area faculty and the advice of the respective Advisory Boards. The Medical Lab Technician and Entertainment Promotion/Marketing Production programs have been approved by LOWDL and will be submitted for Chancellor’s Office approval this summer. The Technical Theater program has passed the “viability review” at LOWDL. The Mobile Apps department certificates need only be approved locally.

- Entertainment Promotion / Marketing Production: **AS & Certificate of Achievement**
- Medical Lab Technician: **AS & Certificate of Achievement**
- Technical Theatre: **AS & Certificate of Achievement**
- Mobile Apps Development- Android: **Department Certificate**
- Mobile Apps Development- iPhone: **Department Certificate**

Revisions to Degrees and Certificates

The Curriculum Committee approved revisions to several degrees and certificates based on the expertise of the area faculty and the advice of the respective Advisory Boards.

- **Business Administration – Professional AS & Certificate of Achievement** (*addition of the word “Professional” to distinguish it from the AS-T in Business Administration*)
- **Dance AA** (*Update/Unit Change*)
- **Database Applications Developer AS & Certificate of Achievement** (*Addition of an elective course*)
- **Early Childhood Education Career AS & Certificate of Achievement** (*addition of the word “Career”*)

- **Early Childhood Master Teacher AS & Certificate of Achievement** (*Elimination of degree and certificate of achievement due to AS-T*)
- **Medical Administrative Assistant Certificate of Achievement** (*Addition required course: increase of 3 units from 33 to 36 units*)
- **Medical Coding and Billing Specialist Certificate of Achievement** (*Addition of required course: increase of 3 units from 33-34 units to 36-37 units*)
- **Photography AS & Certificate of Achievement** (*Unit Change and Restructuring*)
- **Public Policy Degree AA & Certificate of Achievement** (*Addition of an Arts and Cultural Affairs track; addition of two Psychology courses*)
- **Solar Photovoltaic Installation Department Certificate**
- **Web Programmer AS & Certificate of Achievement** (*Addition of an elective course*)

New (and Interdisciplinary) Ideas

The Curriculum Committee approved several new courses and a program stemming from innovative and exciting ideas. New courses developed include:

- **Science 10, Principles and Practice of Scientific Research:** A multi and interdisciplinary course sponsored by the Departments of Earth Science, Life Science, and Physical Science. This course will likely be team taught and prepare students (particularly STEM students) to be ready to engage in scientific research upon transfer.
- **Linguistics 1, Introduction to Linguistics:** This course is sponsored by the departments of Modern Languages and Cultures, Earth Science (Anthropology), and ESL. This course was also approved to fulfill the Global Citizenship degree requirement.
- **English 990, English Acceleration Support:** This is a non-credit course intended for “B level” basic skills students who need additional support to engage in and successfully complete college level English. It will initially serve as a companion course to English 1 to help students succeed. The idea is to help students accelerate—with support—in the crucial area of English.
- **Entertainment Promotion / Marketing Production Program:** This Associate Degree and Certificate of Achievement builds on the success of the “Promo Pathways Program” to provide a multidisciplinary program geared toward career preparation utilizing courses from Media Studies, Entertainment Technology, Business, and others.

New Courses

This academic year, the Curriculum Committee approved the following new courses:

- CIS 70: Social Media Applications (CSU, 3 units)
- COSM 41A: Hair Cutting 4 (2 units)
- CS 87: Python Programming (UC/CSU, 3 units)
- DANCE 10: Fundamentals of Dance Technique (UC/CSU, 2 units)
- DANCE 27B: Intermediate Brazilian Dance (UC/CSU, 2 units)
- ENGL 990: English Acceleration Support (Non-Credit companion course to English 1)
- FILM 40: Cinematography (UC/CSU, 3 units)
- HISTORY 14/ENVRN STUDIES 14: US Environmental History (UC/CSU, IGETC, 3 units)
- HISTORY 32/ ENVRN STUDIES 32: Global Environmental History (UC/CSU, IGETC, 3 units)
- LING1: Introduction to Linguistics (UC/CSU, IGETC, 3 units)
- MLT 5: Clinical Microbiology (CSU, 6 units)
- MLT 10: Clinical Practicum (CSU, 12 units)
- MUSIC 69D Interpretation of 20th Century Piano Music (UC/CSU, 3 units)
- MUSIC 79A: Jazz Improvisation (UC/CSU, 3 units)
- PHLBMY 1: Phlebotomy for MLT (CSU, 6 units)
- PHOTO 32: Photographing People: Advanced (CSU, 4 units)
- SCI 10: Principles and Practice of Scientific Research (UC/CSU, 2 units)
- TH ART 25: Introduction to Theatrical Sound (UC/CSU, 3 units)

Global Citizenship

The Committee approved the following courses to satisfy the Global Citizenship degree requirement under the criteria of Global Studies:

- DANCE 57A: World Dance Performance
- LING1: Introduction to Linguistics

A Look Ahead

- More developments surrounding **SB 1440** and **C-ID** are **expected** now that the two are processes are inextricably joined.
- An extensive **research project**, in conjunction with Institutional Research, will be conducted to statistically investigate the appropriateness of our commonly used **“Eligibility for English 1” Skills Advisory**. This is partially in response to the Student Success Task Force requirement of Educational Plans for all new students and partially in response to the majority of new students placing at levels below English 1.
- The Curriculum Committee be evaluating and strengthening the **prerequisite approval process**.
- The college will continue its **“pro-active” approach** toward curriculum as well as promoting and facilitating a **collaborative and interdisciplinary approach to its work**.

INFORMATION ITEM 6

SUBJECT: **SANTA MONICA COLLEGE EMPLOYEE DIVERSITY REPORT, FALL 2012-2013**

SUBMITTED BY: Vice-President, Human Resources

Santa Monica College (SMC) is within one of the most racially and ethnically diverse counties in the United States. The rich diversity of Los Angeles County is enhanced by its geographic location, comfortable climate and its easy access to options and opportunities. The reputation of SMC as a premier two-year institution of higher education continues to reinforce its popularity and respected status nationally and internationally with educators, students and the communities which this college serves.

The SMC Employee Diversity Report is a tool to assist in monitoring the college's commitment and progress to achieving a workforce that is representative of the diverse populations of Los Angeles County and the students of Santa Monica College. From this tool strategies for recruitment outreach are developed. Initially presented in October 2009, this biennial report is produced by the Office of Human Resources. Information contained in this report spans the period of Fall Semester 2009 through Fall Semester 2012.

This report reviews academic and classified applicant pools and the number of employees in the employment categories of academic administrator, classified managers, classified support staff, community college police officers, confidential support staff, full-time faculty and part-time faculty. An historical hiring summary illustrates employment hires made effective fall semesters of academic years starting in 1990, 2000, 2010 and 2012.

Applications for employment are accepted when recruitments are authorized. Incorporating online application processes and web-based, focused print advertising has helped SMC to generate more diverse applicant pools for academic and classified positions.

The report identifies particular employment categories where minority populations remain significantly under represented such as full-time faculty, part-time faculty and classified managers. It also shows that there are categories at SMC which are more diverse, such as classified support personnel, police officers, and academic administrators.

The reports demonstrates that this District, as openings have become available, is making slow yet steady progress towards its commitment for employees to reflect the richly diverse students and communities served by this distinctive college.

8-I MARKETING, COMMUNITY OUTREACH AND RECRUITMENT (continued)

For 2013-14, the State has increased SMC’s enrollment target by 1.63 percent, or approximately 325 FTES. To reach this goal, and to sustain enrollment, SMC must reach new students going forward, as the College is at an historical high in terms of relying on internal recruitment (continuing students). The two on-air contracts below total \$410,000 for 2013-14, or two-thirds of the amount before reductions began.

SMC has used radio and outdoor advertising for student recruitment continuously since 1986. However, for the three years prior to the current Summer 2013 session, due to State-mandated course offering reductions, SMC suspended on-air recruitment. Prior to this, annual contracts for on-air were approximately \$600,000. For 2012-13 (for Summer 2013), on-air expenditures were \$200,000.

Provider	Service	Amount	Funding Source
17. KPWR 105.9 FM Multimedia	Fall 2013, Spring 2014, and Summer 2014 on-air advertising with digital and social media components for student recruitment	Not to exceed \$180,000	2013-2014 Marketing Budget
18. KROQ 106.7 FM Multimedia	Fall 2013, Spring 2014, and Summer 2014 on-air advertising with digital and social media components for student recruitment	Not to exceed \$230,000	2013-2014 Marketing Budget

Comment: Only radio can deliver large segments of the 18-24 year-old demographic in a geo-targeted manner. Now, each station provides digital and social components, as well as street teams to accompany the on-air message. Power and KROQ remain two of the top branded stations in the market reaching this demo. Their live events literally sell out in minutes and both have worldwide name recognition, which gives them a leg up in all social engagement.

8-J PURCHASING: AWARD OF CONTRACTS

Requested by: Cynthia Moore, Director of Purchasing

Approved by: Robert Isomoto, Vice-President, Business and Administration

The annual award of competitive contracts bid through various state and local agencies allows SMC to leverage buying power through strategic sourcing and achieved commodity and service savings as well as reduce administrative cost. These indirect (MRO) contracts are targeted to the products and services which SMC routinely purchases. Leveraging the aggregate buying power and strategic sourcing is a process that moves SMC away from numerous individual procurements to a broader aggregate approach, allowing SMC to achieve savings ranging from 20 to 65 percent.

APPENDIX A

INFORMATION ITEM 4

SUBJECT: OVERVIEW OF 2012-2013 GRANT-FUNDED PROJECTS

In 2012-2013, SMC managed roughly \$6 million through 26 grant projects funded by local, state, and federal agencies, all of which are supportive of the college’s mission¹. This included 11 new awards, valued at about \$5.6 million in additional revenue, with slightly more than \$1.6 million to benefit 2012-2013 directly. In addition, two of these grant awards, while not offering direct cash support, include significant in-kind support, in the form of human resources, valued at about \$120,000. All 11 new awards reflect innovation across campus, particularly in CTE, from Health Sciences to Sustainable Technologies to STEM technician training, as well as CTE student success in general.

In total, the college submitted 18 proposals to support the 2012-2013 academic year. In addition, the college was a collaborative partner in two proposals submitted by other institutions, including a proposal to the National Science Foundation submitted by UCLA and a proposal to the Stuart Foundation, submitted by Loyola Marymount University. Of the 20 proposals submitted by or on behalf of the college, 11 were funded, including the proposal submitted by LMU to the Stuart Foundation. As such, the college achieved a success rate of 55 percent.

As in the past, the majority of these grants were written by the Grants Office in collaboration with the programs and/or departments that were identified to directly manage and implement them. In addition, the Office of Workforce and Economic Development took an active role in grant development and management. By working collaboratively with other departments across campus, the Grants Office is able to increase the overall number of grants submitted to support the college’s mission and its students, while reducing duplication of effort and leveraging resources for the benefit of all programs.

The following table outlines the college’s success rate by funding source of grants submitted to support the 2012-2013 academic year.

Source of Funds	Grants Submitted	Grants Awarded	Success Rate
Federal Govt.	10	5	50.0%
State Govt.	6	4	66.7%
Local Govt.	0	0	--
Private	4	2	50.0%
Total	20	11	55.0%

¹ This total includes any project that is proposal driven, performance or outcome-based, and competitive. It does not include such categorically-funded programs as EOPS or Disabled Students Programs and Services. It also does not include VTEA, Tech Prep, or the various fee-for-service workforce training contracts awarded to Workforce and Economic Development.

Each of these grant-funded projects supports the college’s mission, as well as one or more of SMC’s strategic initiatives, institutional learning outcomes and supporting goals. Many of the grants written for the 2012-2013 academic year were written prior to the identification of SMC’s two new strategic initiatives, GRIT and I³. As such many of the 2012-2013 are supportive of the previous strategic initiatives, including CTE Program Development and Enhancement, Basic Skills, Global Citizenship, and Sustainability. The following table provides a breakdown of grants submitted and awarded to support 2012-2013 and their relation to institutional goals and objectives, including both past and current strategic initiatives. Many of these grants support more than one outcome, and thus the total adds to more than the number of awards.

TOTAL (duplicated)	12	6	0	0	17	10	31	18	60	34

In addition to supporting the Institutional Learning Outcomes, Supporting Goals, and Strategic Initiatives, all of the grants submitted to support the 2012-2013 academic year help the college's Board of Trustees achieve its 11th Priority, to pursue and obtain federal funds as well as other grant opportunities. Each initiative also helps the Board achieve at least one of the other Goals and Priorities of the SMC Board of Trustees, including:

- 6 submitted and 2 awarded grants that will help “institutionalize initiatives that are effective in improving student success, with particular emphasis on accelerating mastery of basic skills and strengthening students’ non-cognitive skills” (Priority 2);
- 9 submitted and 6 awarded grants that will “strengthen and promote workforce/career technical programs” (Priority 3);
- 2 submitted and 1 awarded grant that “infuse(s) global citizenship into faculty instructional practices and student learning” (Priority 4);
- 2 submitted and 2 awarded that “promote professional development activities for all classified and academic staff, including adjunct faculty” (Priority 6); and
- 1 submitted and 0 awarded to “continue to adopt sustainability designs and practices for construction and maintenance and operations of facilities” (Priority 18).

The following list provides a summary of all active grant-funded projects, both new and continuing, for 2012-2013 and how they relate to the Board's Goals and Priorities. Corresponding Institutional Learning Outcomes, Supporting Goals, and/or Strategic Initiatives, as well as the annual award total, the funding source, and the principal investigator/project director, are also listed. It should be noted that many of these grants support more than one of these outcomes; for the purposes of this report, projects are listed under their primary area of emphasis.

Board Goal: Educational Advancement and Quality

Board Priority #2: Institutionalize initiatives that are effective in improving student success with particular emphasis on mastery of basic skills and strengthening students’ non-cognitive skills.

Student Success/Special Populations—High School Outreach/College Prep and Access

- **NEW for 2012-2013** – Upward Bound (\$250,000—U.S. Dept. of ED): This TRIO grant targets low-income, potential first generation college students from Venice and Crenshaw high schools, providing academic assistance, college planning and assistance, and counseling/mentoring support. (This project supports ILO #1 and 2, as well as Supporting Goal #2 and the GRIT Initiative. The Project Manager for Upward Bound is Bonita Cooper.)

Student Success/Special Populations—Foster Youth

- **NEW for 2012-2013**—Planning Grant (\$16,333 from the Stuart Foundation, via subcontract award from Loyola Marymount University): SMC will collaborate with Loyola Marymount University and the University of California, Los Angeles, to assess institutional and community capacity to develop and sustain a Guardian Scholars Program. The Guardian Scholars program will support students who are or once were in foster care. (This project also supports ILO #1, Supporting Goal #2, and the GRIT Initiative. Mike Tuitasi served as Project Administrator.)

Success/Special Populations – U.S. Veterans

- FIPSE Center of Excellence for Veteran Student Success (\$144,802, funded by the U.S. Department of Education): Through this grant, SMC will expand the capacity of SMC's emerging Veterans Resource Center to include tutoring, mentoring, on-site Financial Aid and Career Services workshops, transfer advising and co-located DSPS services. (This three year grant, which will continue through 2013, also supports ILO #1 and Supporting Goal 2. Linda Sinclair and Audra Penchansky led this Project Team in 2012/2013.)

Student Success/Special Populations—Low Income, First Generation Students

- Student Support Services (\$308,207—U.S. Dept. of ED): This TRIO grant targets low income, first generation college students and provides them with the skills and resources that they need to successfully complete their SMC studies and transfer to a baccalaureate program. (This project supports ILO #1 and #2, Supporting Goal 2, and the GRIT Initiative. Wendi DeMorst is currently serving as the Project Manager for this program, which will continue through 2015.)
- Child Care Access Means Parents in School (\$108,341—U.S. Dept. of ED): This grant provides child care assistance for low-income, Pell-eligible students enrolled at SMC so that low-income parents may continue to attend classes without worry over the care of their children. (This 4-year project also supports Supporting Goal 2. Jenny Trickey is the Project Manager.)
- Pico Promise (\$155,230, funded by the City of Santa Monica): This project is an expansion of the former Pico Partnership on the Move Program that was previously funded by the City of Santa Monica's Community Development Grants Program. The Pico Promise program will offer instructional and student support assistance to low-income students from the Santa Monica-Malibu School District, specifically the Pico Neighborhood, so that they may achieve their academic and/or career goals. (This project also supports ILO #1 and #2, as well as the Board's third Goal, Community and Government Relationships, Priority #15, to strengthen and expand programs and partnerships that serve SMMUSD students. This is a four year award; Roberto Gonzalez is the Project Director for the Pico Promise Program.)

Student Success/Special Populations – Science, Technology, Engineering, and Mathematics (STEM)

- HSI STEM and Articulation Program Grant (\$1,188,132, funded by the U.S. Department of Education and delivered in collaboration with the University of California, Los Angeles): The purpose of this grant is to promote STEM degrees and careers among Latino and other underrepresented student populations in STEM, including underrepresented minority students, but also women and low-income, first generation students in general. This will be accomplished through the SMC/UCLA Science and Research Initiative, which includes an array of student support and instructional services, such as counseling, advising, transfer planning, mentoring, and increased involvement in applied learning activities. (This five year also supports ILO # 1, 2, and 4, Supporting Goals 1 & 2, and Strategic Initiative—Sustainable Campus. Dr. Melanie Bocanegra serves as Project Director.)
- CalTeach Program (\$20,000, funded by the statewide CalTeach Program via a subcontract with the University of California, Los Angeles): Through a subcontract agreement with UCLA, SMC will develop and implement the statewide California Teach Program in west Los Angeles. CalTeach aims to improve both the quality and quantity of the state's Math and Science teachers. SMC will utilize grant funds to hire a counselor to provide academic/transfer services to STEM students with a focus on completion of lower division coursework while increase knowledge of teaching career options. (This project also addresses ILO #1 and #2 and Supporting Goal #2. Brenda Benson serves as the Project Coordinator.)

Student Success/Special Populations—Asian/Pacific Islander Students

- Asian American and Native American Pacific Islander Serving Institutions Program (The closing date for the no-cost-extension year of this grant was September 30, 2012. This thus no new funds): Through this grant, SMC worked to increase the retention, graduation, and transfer of underrepresented Asian/Pacific Islander students through additional supplementary instructional support, increased use of technology in the classroom, and faculty and staff professional development. (This project also supports ILO #1 and 2, Supporting Goal #2, and GRIT. Mike Tuitasi served as the Project Manager for the AAPIA Project during its final year.)

Basic Skills

- Title V Math/English Cooperative Grant with El Camino College (SMC/ECC received a no cost extension to complete grant goals and objectives with a final closing date of September 30, 2012 – no new funds): The purpose of this grant is to increase student success in pre-college math and English classes by improving instructional quality, student support resources, and faculty collaboration. One of the key accomplishments of this project was the development and institutionalization of Supplemental Instruction at SMC. (This grant also supported ILO #1 and #2 and the Basic Skills Strategic Initiative. Laurie McQuay-Peninger served as Project Manager.)

Board Priority #3: Strengthen and promote workforce/career technical programs.

Multidisciplinary CTE Initiatives

- **NEW to 2012-2013**—CTE Community Collaborative (\$174,000—funded by the Chancellor’s Office): The project will continue the work of SMC and SMMUSD to strengthen Career Technical Education. The project will offer Career Exploration/Development for middle school students, Articulation, Career Pathways, Placement Services, and CTE Professional Development in seven industry sectors, including Arts/Media/Entertainment, Energy and Utilities, Health Science/Medical Technology, Education, Information Technology, Marketing/Sales/Services, and Transportation. The Collaborative will enable the development of new skills for students while providing exposure to emerging jobs in high growth industries and green sector technologies. This project will also increase the capacity of faculty, advisors, and administrators to align emerging job trends with certificate and degree programs, career planning and counseling, and workforce readiness preparation. (This project also addresses ILO #1 and #2, as well as the CTE Strategic Initiative.)
- **NEW to 2012-2013**—Employment Training Panel (\$219,060—funded by the State of California): Through this project SMC will develop a multiple employer retraining project to provide training to employees of companies in a variety of industries involved in manufacturing, distribution, construction, and services. This training will enable participating companies to increase their competitive edge and remain viable in the state. (This project also addresses ILO #2 and the CTE Strategic Initiative.)
- SB70 Career Technical Education Community Collaborative Project (\$171,429—Chancellor’s Office): This grant will increase the effectiveness of CTE pathways from secondary to postsecondary systems, focusing on four priorities: Increasing awareness of future career pathways, enhancing the understanding of industry trends, creating a pipeline of future workers, and initiating actions that result in higher perceived values toward CTE. This project will unite the region’s educational and workforce development resources by focusing on six industry sectors, as well as Green initiatives and entrepreneurship, while enhancing student, teacher, and counselor knowledge of career technical education. (This grant also addresses ILO #4, as well as the Board’s Priority #15 to strengthen and expand programs and partnerships that serve SMMUSD. Tricia Ramos and Maria de Leon Vasquez are directly involved in this project.)

Health Sciences (including Nursing and Allied Health)

- **NEW for 2012-2013**—Enrollment Growth for ADN to RN Programs (\$118,187—Chancellor’s Office): The purpose of this grant is to increase student enrollment in SMC’s Nursing Program by 10 students and improve student retention rates through an array of instructional and student support services. (This grant also supports ILOs #1 & 2 and Supporting Goal 2. Ida Danzey is the Project Director.)

STEM/Computer Science

- **NEW for 2012-2013**—General Grant (\$3,279 from the Southern California e-Business Forum): With these funds, SMC’s Computer Science and Information Systems Department will create an interdisciplinary certificate in Social Media through a collaboration with the Business Department. The new classes created through this project will augment the existing Website Software Specialist certificate program. (This project also supports ILO#2, Supporting Goal #1, and the CTE Strategic Initiative. Fariba Bolandhemat is the Faculty Lead on this project.)
- Curriculum Improvement Partnership Award for the Integration of Research (\$149,388, funded by NASA): This project will strengthen STEM curricula, both at the career technical and transfer level, through a two-pronged interdisciplinary approach designed to raise faculty and student awareness of NASA’s mission, programs, and career opportunities, while supporting the development of skills needed by the NASA workforce. Funds will support faculty externships and student internships at JPL and the development of new courses that will support NASA workforce needs. (This three-year grant, which will end September 30, 2013, also supports the Board’s Priority #6, Professional Development, ILO #1 & #2 and Supporting Goals #1 & #2. Jinan Darwiche is the Principal Investigator on this project.)

Sustainable Technologies

- **NEW to 2012-2013**—Solar Photovoltaic Sales and Marketing Grant Program (\$10,350, funded by the U.S. Department of Energy through a grant with the California Community Colleges and the University of Hawaii and funneled through the City College of San Francisco): With these funds, SMC will develop and pilot a PV Sales and Marketing course to complement existing PV coursework. (This project supports ILO #2, Supporting Goal #1, and the CTE Strategic Initiative. Stuart Cooley is the Faculty Lead.)
- **NEW to 2012-2013**—Mentor Connect (Funded by the National Science Foundation through a grant with the South Carolina Advanced Technological Education National Resource Center, this grant does not include a cash award, but it did fund the travel costs of two faculty to attend professional development activities in Portland, Oregon, and provide a mentor as SMC develops an ATE grant. These services are valued at \$20,000): SMC Professors Stuart Cooley and Steve Paik will receive mentoring assistance from an experienced NSF ATE Program Director as they plan and develop an NSF-funded ATE Small Project grant. The proposed Small Project grant will strengthen math and science skill acquisition in the Sustainable Technologies program, if funded. (This project supports ILO #2, Supporting Goal #1, and the CTE Strategic Initiative. Stuart Cooley is the Faculty Lead.)
- Community Based Job Training Grant (\$1,697,414, funded by the U.S. Department of Labor): Through this grant, SMC will partner with Irvine Valley College, Golden West College, and the California Resource and Recycling Association to develop an education and career path for individuals interested in recycling and resource management. This project will yield a nationally recognized curriculum that includes industry-approved certificates, state-granted educational certificates, and associate degrees. (This project also supports ILO #4, Supporting Goal 1, and Strategic Initiative—Sustainable Campus. Laina Long has served as the Project Manager. This project is funded through 2013, but has requested a no-cost extension into 2013-2014.)

Early Childhood Education/Education

- Early Start Pathway (\$328,834, funded by Los Angeles Universal Preschool): The purpose of this project is to develop a 2+2+2 program in Early Childhood Education in partnership with SMMUSD and CSU Dominguez Hills with the intent to increase the number of qualified early childhood education professionals with a baccalaureate degree. (This five year project also supports ILO #2 and Supporting Goal #1. Laura Manson is the principal investigator on this project.)
- Child Development Training Consortium Grant (\$7,500—state-funded): This ongoing project provides tuition, books, mentoring, and professional development activities for ECE students. (This grant also supports ILO #1. Laura Manson serves as the lead.)

Entrepreneurship

- Small Business Development Center (\$322,000—Chancellor's Office/Small Business Administration): This project provides small business development services, such as business planning development, financial planning, workshops, and other individual assistance to new and emerging small business owners in west Los Angeles County. (Gita Runkle serves as the Program Director for this project.)

Board Priority #4: Infuse global citizenship into faculty instructional practices and student learning.

- **NEW for 2012-2013**—Fulbright Scholar in Residence Grant (Funded by the U.S. Department of State, this grant does not include a cash award; however, it did provide SMC with a fully-funded full-time faculty member for one year at a value of roughly \$100,000.) Through this project, SMC was awarded a Scholar in Residence from Italy to help the Modern Languages and Cultures Department strengthen the Italian curriculum, including the development of Italian 4 and increased awareness across the college and in the community of Italian language and culture. (This project also supported ILO #3 and the Global Citizenship Strategic Initiative. Toni Trives and Aned Muniz serve as Project Managers.)
- Undergraduate International Studies and Foreign Language (SMC received a no cost extension to complete grant goals and objectives with a closing date of September 30, 2012; thus no new funds awarded): Through this project, SMC advanced the efforts of the Global Citizenship Initiative, including the development of a Global Studies degree, creation of study abroad trips to Turkey and China, and increased campus involvement in activities that highlight the world's cultures and languages. (This project also supported ILO #3 and the Global Citizenship Strategic Initiative. Kelley Brayton and Georgia Lorenz served as the Project Directors.)

Board Priority #6: Promote professional development activities for all classified and academic staff, including adjunct faculty.

- **NEW to 2012-2013**—Title V Developing Hispanic Serving Institutions Grant (\$648,450, funded by the U.S. Department of Education): The purpose of this project is to develop a Teaching and Learning Center at SMC that will foster and support the use of best practices in both student support and instructional delivery across campus through an array of professional development activities. (This project also supports ILO #1 and #2, Supporting Goal #1, and the GRIT, I³, and Basic Skills Strategic Initiatives. Roberto Gonzalez is serving as Project Administrator of this five year grant.)
- **NEW to 2012-2013**—California Community Colleges Student Mental Health Program/Campus Based Grant (\$94,156, funded by the Foundation for California Community Colleges): Through this grant, SMC's Office of Psychological Services will develop and deliver mental health prevention and early intervention services to support students campus-wide, targeting specifically students who are underserved and/or at-risk of mental illness, including veterans, disabled students, African American, low-income, and first generation. (This project also supports ILO#1 and Supporting Goal #2. Sandra Rowe is serving as Project Director.)
