INFORMATION ITEM 4

SUBJECT: **SUSTAINABLE TRANSPORTATION UPDATE - ANNUAL REPORT 2014-2015**

SUBMITTED BY: Vice-President, Student Affairs

EXECUTIVE SUMMARY

Santa Monica College as a signatory of the American College and University President's Climate Commitment program (ACUPCC) requires the College to perform a Greenhouse Gas (GHG) Inventory and use the results to develop a Climate Action Plan. For the past 10 years, the District has led the way in sustainable transportation efforts in the California Community System.

The GHG Inventory indicated that the majority of SMC's greenhouse gas contributions can be attributed to the commuting behavior of the faculty, staff and students. Based on this report, SMC developed a comprehensive transportation demand management plan that was consistent with the Final Facilities Master Plan EIR mitigation methods, and it includes incentives, legislative recommendations, a robust bicycle support system, public transit, vanpool, carpool programs, and other alternative modes of transit.

The SMC Climate Action Plan implementation is the sole responsibility of the Center for Environmental & Urban Studies (CEUS). Therefore, much of the CEUS services focus on this area. As a result, the CEUS has taken a more instrumental role in transportation management at SMC, including Co-chairing the Transportation Task Force, facilitating the development of a Sustainable Transportation Plan, assuming responsibility for the AQMD Employee Trip Reduction Plan, promoting alternative modes of transportation for students and employees, and administering the Employee's Sustainable Transportation Incentive Program.

INFORMATION ITEM 9

SUBJECT: **SUPERINTENDENT/PRESIDENT SEARCH PROCESS UPDATE**

SUBMITTED BY: Ralph Andersen & Associates

Outlined below for the Board's information is a summary of the search process to date and an overview of upcoming activities in the Superintendent/President Search process.

Candidate Pool

The candidate pool has remained strong. No withdrawals have occurred as of this update.

Search Committee Activities

The second meeting of the Search Committee was held October 14, 2015. All committee members were in attendance, with the exception of one member who had to withdraw from the committee due to illness. An update of the search process was provided to the committee, along with results from the paper screening process that concluded October 6th.

Interview questions established at the first committee meeting were reviewed and confirmed. Oral presentation topics were also reviewed, along with the rating sheet to be used for scoring the oral presentations. The need for strict confidentiality, open-mindedness, and a fair / impartial review of the candidates was again stressed.

The committee proceeded with a review of the candidate ranking summary, and deliberated to select semi-finalists. The committee is to be commended for its conscientious, due diligence to the process. Candidates were reviewed with a critical eye. Every committee member participated, and deliberation continued for the entire day. Of special note was the excellent review and contributions of the student representatives, who are to be especially applauded for their thorough and thoughtful consideration of what is important to students, and the leadership qualities students desire in the next SMC President.

For the deliberation process, candidates were divided into three groups: Group A comprised those candidates committee members agreed should be invited for interview as semi-finalists; Group B comprised those candidates that required more committee discussion to determine whether or not they should be selected as semi-finalists; and Group C comprised those candidates committee members rejected as semi-finalists. Group B candidates were then discussed individually, as the committee examined each candidate's strengths and weaknesses in the areas of the Presidential Profile/ Recruitment Brochure. Personal characteristics, professional experience, and the candidate's ability to address Santa Monica College's challenges and opportunities as its next Superintendent/President were discussed. The complete list of candidates to be invited for interview was then finalized.

Semi-Finalist Interviews

The committee selected candidates for interview as Semi-finalists for the Superintendent/President position. The make-up of this semi-finalist pool is very diverse, and includes both in-state and out-of-state candidates with traditional and non-traditional backgrounds. All semi-finalist candidates have accepted the invitation for interview. Semi-finalist interviews are being conducted this week, after which the committee will deliberate to recommend finalists.

Upcoming Activities

A minimum of three finalists will be forwarded to the Board of Trustees for consideration. Greater than three finalists may be forwarded if deemed appropriate by the Search Committee.

Campus meetings, open forums, and interviews by the Board remain scheduled for November 12-14, 2015. Board deliberation on finalists is expected at that time and/or a Special Board Meeting may be held November 17, 2015.

Following contract negotiations, it is anticipated that Board appointment will take place at the December 1, 2015 Regular Board Meeting. The start date for the new Superintendent/President will be negotiated, and is expected for January 1, 2016 or thereafter.

Board Updates

Regular updates will continue to be provided to the Board of Trustees throughout the process. A summary of the Search Process timetable and upcoming activities is provided below for ease of reference.

Ralph Andersen & Associates continues its commitment to a comprehensive, high-quality search process, including a comprehensive, non-discriminatory, and fair screening process to present highly qualified candidates with a passion for education for the Board to consider in its selection of the next Superintendent / President of Santa Monica College.

5. REPORTS and DISCUSSION

SMC Bond Construction Projects Update:

- A visual overview of the following bond construction projects was presented:
 - Center for Media and Design (formerly Academy of Entertainment and Technology): The project is expected to be completed for occupancy by Fall 2016.
 - Performing Arts Center: Expected completion in April/May 2016
 - Health, PE, Dance/Central Plant: There will be a topping off ceremony in November.

- Air conditioning in existing buildings: As part of the Central Plant Connections project, HSS Buildings, Theater Arts Building, and the Library will be retrofitted/upgraded with air conditioning.
- Student Services Building: The design stage for this project has been completed and sent to the Division of State Architect (DSA) for review. It is expected to be approved by DSA by the end of December. There are four pre-qualified bidders. Construction is expected to start second quarter 2016 with estimated 24-month construction period.

In response to a question about this being the second set of plans for the Student Services Building, it was explained that the first set of plans was submitted to DSA, and state seismic requirements related to the design of the building kept changing. Consequently, the building as designed became unaffordable. The new design keeps the project within budget, adds slightly more usable interior space, and provides improved flexibility for use of space. The new design incorporates the existing excavation for underground parking.

- The Early Childhood Education Center is a cooperative project with the City of Santa Monica. The College has completed the entitlement process, including the EIR for the Civic Center, approval by the Planning Commission, and approval by the City Council. Construction documents are being prepared which will be sent to DSA for approval.

YES

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

The increase in the required employer contributions for retirement plans and the possible decrease in revenue as a result of the termination of Prop 30 may cause difficulty in the District's fund balance and cash flow. The District has designated a portion of the fund balance to partially cover the future increases in retirement contribution.
