**SUBJECT:                    NAMING OF KCRW BUILDING ENTRANCE LOBBY IN RECOGNITION OF \$500,000 GIFT FROM THE S. MARK TAPER FOUNDATION**

**SUBMITTED BY:**        Superintendent/President

**ACTION REQUESTED:**    It is recommended that the Board of Trustees approve naming the Entrance Lobby to the new KCRW Building at SMC’s Center for Media and Design campus the “S. Mark Taper Foundation Lobby” in recognition of a gift of \$500,000 to benefit the radio station. It is also recommended that the Board of Trustees authorize the SMC Superintendent/President to negotiate and execute an agreement with the S. Mark Taper Foundation and the KCRW Foundation memorializing the terms and conditions of the gift.

**COMMENT:**                At its June 3, 2014 regular meeting, the Board of Trustees unanimously approved an agreement between the District and the KCRW Foundation. The agreement provides the KCRW Foundation with the opportunity to raise capital and endowment funds by committing naming rights for the new building and for parts of the new building, subject to the approval of SMC.

The KCRW building includes a state-of-the-art performance studio and various broadcasting studios and creative spaces, including a digital lab. The main entry point for staff, guests and volunteers is the entrance lobby. Located on the first floor, the light-filled entrance lobby is an area of approximately 670 square feet that leads to a dramatic staircase and from there to performance, broadcast and administrative spaces on the floors above.

The S. Mark Taper Foundation has offered to contribute \$500,000 to the KCRW Foundation to support the KCRW Foundation capital campaign, which will provide funding for the purchase, installation, and integration of broadcast and digital equipment. The contribution is in two payments, \$300,000 by the end of 2017 and \$200,000 by the end of 2018. The agreement between the District, the KCRW Foundation, and the S. Mark Taper Foundation provides that the entrance lobby to the new, three-story, media center housing KCRW will be named the “S. Mark Taper Foundation Lobby” for so long as the KCRW building is in existence.

The agreement requires that the KCRW Foundation provide certain reports to the S. Mark Taper Foundation on an ongoing basis and specifies the nature of the recognition signage. The agreement also makes arrangements for future recognition of the gift through on-air announcements in the case of any future loss of the building or its use.

16-K AGREEMENT FOR CONSULTING SERVICES – BOND CONSTRUCTION PROGRAM

Agreement for consulting services with YNL ARCHITECTS for the Bond Construction Program for an amount not to exceed \$195,000 plus \$10,000 in reimbursable expenses for the period of December 1, 2017 through November 30, 2018.

Funding Source: Measure U, S, AA, V and District Capital Funds

Comment: With the continued work on Measure U, S, AA projects plus the addition of Measure V, the District’s small staff is managing over \$400 million in active projects. The college is currently in one of the busiest times for the bond program, with the completion of the KCRW building at CMD coming soon, the Student Services Building in peak construction, both the Early Childhood Lab School and Malibu Campus starting construction soon and the planning now in progress for the Math-Science Expansion. With an expectation of a future retirement it is proposed that an interim plan to assist the Facilities Planning department to coordinate the increasing complex bond construction program. It is necessary to have a consultant who is already familiar with the District, its procedures, and faculty and staff. YNL Architects, led by Yu-Ngok Lo has been successfully working with college projects and staff for many years. They are currently working on the Core Performance Center, Connection to the Central Plant and Student Services. They have a good working relationship with Facilities Planning and Facilities Maintenance. This plan would provide immediate expert assistance in managing a complex bond program and will give the college time to determine how the Facilities Planning department should be best structured for future needs.

Summary: On Monday October 23, 2017 a medium pressure gas line in the construction zone of the Student Services Building incurred an unexpected break. SMC facilities plumber turned off the gas line. There was a report of a fire but after further investigation by SMCPD and SMFD no fire was confirmed. The contractor made the repairs to the damaged line. SMFD reported the gas line break to the Gas Company. The Gas Company required a pressure test to reinstate the line. The existing gas line feeds the Art, Theater Arts and Science Buildings. After a pressure drop test was conducted by the Gas Company, it was determined there was a leak from the main manifold to the building regulators. Moe Plumbing Services was called out to quickly identify and repair the gas leak.

c. Provide an explanation on how the district intends to fund the salary and benefit increases, and also identify the revenue source/object code.

VI. Did the district have significant events for the quarter (include incurrence of long-term debt, settlement of audit findings or legal suits, significant differences in budgeted revenues or expenditures, borrowing of funds (TRANS), issuance of COPs, etc.)?

**NO**

If yes, list events and their financial ramifications. (Enter explanation below, include additional pages if needed.)

VII. Does the district have significant fiscal problems that must be addressed?

This year?  
Next year?

**NO**  
**YES**

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

The decline in resident enrollment coupled with a lack of growth in non-resident environment had impaired the District's ability to generate additional revenue. This impairment coupled with increases in expenditures related to salary (step/column, and longevity), increases in pension contributions and increases in health and welfare costs has resulted in a projected operating deficit in the upcoming year. While the district reserves are healthy, without additional revenue generation or expenditure reduction, the District will face serious budget complications in 2018-19 and beyond.
