- Accreditation

The Accrediting Commission for Community and Junior Colleges (ACCJC) is empowered by the Department of Education to be a regional accrediting commission to develop standards that colleges must meet and then conduct a cyclic review to determine if colleges are meeting those standards. It is a seven year cycle, and SMC's next site visit will be in 2023. The first step in the accreditation cycle is to write the ISER (Institutional Self-Evaluation Report). That work starts this year with the creation of the Accreditation Steering Committee and a 2-1/2 hour training session with Kevin Bontenbal, Vice-President of AACJC, in April. DPAC will be invited to join the training session.

Nate Donahue shared several Powerpoint presentations from that work.

- Planning Discussion: Strategic Planning Cycle, 2022-2027
Superintendent/President Kathryn E. Jeffery provided some background on the last strategic planning cycle in 2016. She presented the following considerations to DPAC:
 - Was the 2017-2022 Strategic Plan useful and has it been used as a reference to inform the work of the college?
 - Should the next strategic plan be for three or five years?
 - Should an outside consultant be engaged to lead the process or should it be lead internally? Is cost a factor?
 - What best serves the mission of the college?
 - Should a pandemic/catastrophic event/unexpected storm be factored into the next plan?

DPAC Discussion following Dr. Jeffery's presentation:

It was agreed that DPAC should review the last Strategic Plan, assess what was addressed, what wasn't, and use the results of that assessment as a launching pad for the next plan. The discussion will be planned for a future DPAC meeting.

It was suggested that the next strategic plan be shorter because of the shifted working environment due to the pandemic, and the reduction of staff due to retirements. It was also suggested that that there be consideration of aligning strategic planning with educational master planning and other planning activities occurring at the same time, such as accreditation, which could result in duplicating staff and efforts.
