B. Discussion of OPEB and GASB 45 Liability

The Committee continued discussing different alternative funding plans that would meet accreditation requirements. In addition to the projected value of planned assets 20 or 30 years from now, another important consideration was the effect any plan would have on the unfunded actuarial accrued liability in 20 or 30 years from now. Fiscal Services also shared projections to show the affect of these plans on the District's Ending Fund Balance in the next three years. The Committee also reviewed six new funding plans. Fiscal Services agreed to share copies of the underlying spreadsheets with the committee for it to review.
