

Extra care for women for new life and midlife

Next Stage™ Women's Health

Pregnancy and menopause are associated with elevated risk for gum disease, inflammation and other oral health issues that can lead to more complex and costly treatments if left unaddressed.

Next Stage™ Women's Health focuses on early intervention during these two pivotal life stages with enhanced dental benefits, specialty telehealth visits and curated partner products, helping to deliver more personalized, relevant coverage to improve oral and overall health.

What Next Stage™ Women's Health includes

Next Stage™ Women's Health is an easy-to-administer benefits program that complements existing dental coverage. The following oral health procedures are covered at 100% each group plan year for eligible enrollees.¹ These enhanced dental benefits are effective 24 hours after the enrollee opts in.²

Codes	Procedure	Next Stage™ Women's Health benefits
D0120	Oral exams	2 additional per year for up to 4 exams
D1110	Teeth cleaning (prophylaxis)	Any combination of up to 4 per year ³
D4910	Periodontal maintenance procedure	
D4346	Scaling in presence of moderate to severe gingival inflammation	
D0270, D0272, D0273, D0274, D0277	Additional X-rays (bitewings) ⁴	1 additional set per year
D1206, D1208	Topical application of fluoride – for adults	2 per year regardless of age
