Accident Insurance – Every accident leaves expenses not covered by major medical plans. This plan helps offset medical expenses such as emergency room fees, deductibles and co-payments that may result from a fracture, dislocation or other covered accident. Provides set benefits for your initial doctors visit, x-rays, follow up treatment, hospitalization, and more. AD&D in the plan. Optional Health Screening Benefits available. Cover you or you and immediate family.

Critical Illness with Cancer Insurance – Provides a lump-sum benefit you can use to pay the direct and indirect costs related to a covered critical illness like cancer, heart attack, stroke, end-stage renal failure or major organ failure. Pick face amount from \$5,000 to \$75,000. This plan could pay the full face amount 3 times during the life of the policy. Cover yourself or you and immediate family. Health Screening Benefits are built into the plan.

Disability - Replaces a portion of your lost income, in addition to state disability where applicable, to help make ends meet if you become disabled from a covered accident or sickness. Benefits can begin as early as the first day work is missed. 6 month, 12 month, and 24 month benefit periods available. Monthly benefit amounts go as high as \$6500. Optional Health Screening Benefit available.

Life Insurance - Enables you to tailor coverage for your individual needs and helps provide financial security for your family members. A helpful rule of thumb to determine the amount of life insurance you may need is to multiply your current salary by five to eight years. Term and Whole Life available.
