I. Introduction

The commitment of the Santa Monica Community College District (the “District”, the “College”) to equal employment opportunity and diversity is articulated in SMC [Board Policy 7100 – Commitment to Diversity:](#)

“The Santa Monica Community College District is committed to building an inclusive and diverse environment and maintains a comprehensive program to ensure that practice reflects these principles. Diversity within the college environment provides opportunity to foster mutual awareness, knowledge, and sensitivity, to challenge ingrained stereotypes, and to promote mutual understanding and respect. The District is committed to a work and learning environment conducive to open discussion and the free exchange of ideas. Global awareness and exploring the diversity of the local communities served by the College are both important components of the College’s commitment to diversity. Embodying, promoting, and celebrating diversity inspires innovative ideas, practical solutions, and team building in achieving professional and educational excellence.”

The Santa Monica College District strives to uphold the tenets of equal employment opportunity and diversity, and to the protections against unlawful discrimination and harassment as defined by federal and state law and at the core of the District’s mission and set out in this Equal Employment Opportunity (EEO) Plan (hereinafter referred to as the “Plan” or the “EEO Plan”).

ACCESSIBILITY: Gives all people the same access to educational experiences, services, and information, whether a person has a disability or not.

ADVERSE IMPACT: A disproportionate negative impact to a group protected from discrimination pursuant to Government Code section 12940, arising from the effects of an employment practice as determined according to a valid statistical measure (such as those outlined in the Equal Employment Opportunity Commission's "Uniform Guidelines on Employee Selection Procedures").

- performance;
- 2) updating job descriptions and/or job announcements to reflect accurately the knowledge, skills, and abilities of the position, including a commitment to equity; and

III. Policy Statement

The Santa Monica Community College District (“District”) is committed to the principles of equal employment opportunity, grounded in the principles of diversity, equity, inclusion, and accessibility (“DEIA”). The District will put these principles in place through its EEO Plan. The Board of Trustees (“Board”) supports the intent set forth by the California Legislature to assure that effort is made to build a community of equity, anti-racism, and mutual respect in which opportunity is equalized, and community colleges embrace diversity among students, faculty, staff and the communities we serve with the understanding we must intentionally practice acceptance, anti-racism, and respect towards one another acknowledging that institutional racism, discrimination, and biases exist and that our goal is to eradicate these from our system. People of diverse backgrounds, experiences, perspectives, socioeconomic levels, cultures, and abilities are valued, welcomed, and included in all aspects of our organization. The District strives to provide a work and educational environment that ensures and promotes DEIA, fosters cultural awareness, mutual understanding, and respect that ultimately also benefits the global community.

The District recognizes the critical importance of each individual’s contribution to achieve its mission. The District's EEO Policy Statement is posted on the websites of the District's Office of Human Resources and the Personnel Commission.

The following statements shall be posted on all employment announcements and recruitment materials:

COMMITMENT TO EQUITY AND DIVERSITY

With the goal of ensuring the equal educational opportunity of all students, Santa Monica College embraces diversity among students, faculty, staff, management, and the communities we serve as an integral part of our history, a recognition of the complexity of our present state, and a call to action for a better future. Embracing diversity means that we must intentionally practice equity and respect toward one another, and understand that

discrimination and prejudices create and sustain privileges for some while creating and sustaining barriers for others. In order to embrace diversity, we also acknowledge that institutional discrimination and implicit bias exist, and that our goal is to eradicate those vestiges from our system. Our commitment to diversity requires that we strive to eliminate those barriers to equity, and that we act deliberately to create a safe and positive environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

To advance the goals of diversity, equity, inclusion, and social justice for the success of students and employees, we must honor that each individual is unique and that our individual differences contribute to the ability of the college to prepare students on their educational journeys. This requires that we develop and implement policies and procedures, encourage individual and systemic change, continually reflect on our efforts, and hold ourselves accountable for the results of our efforts in accomplishing our goals.

We are invested as a community in cultivating and maintaining a climate where equity and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Individual and group differences can include, but are not limited to the following dimensions: race, ethnicity, national origin or ancestry, citizenship, immigration status, sex, gender, sexual orientation, physical or mental disability, medical condition, genetic information, marital status, registered domestic partner status, age, religion, creed, military or veteran status, socioeconomic status, and any other basis protected by federal, state or local law or ordinance or regulation. We acknowledge that the concept of inclusion and diversity is ever-evolving, thus we create space to allow our understanding to grow through the periodic review of this statement. In service of these goals, Santa Monica College is committed to fostering an employment environment that offers equal employment opportunity for all and an educational environment that ensures the equal educational opportunity of all students.

VIII. The Process for Ensuring that District Employees Who Participate on Screening or Selection Committees Receive Training

The District's Office of Human Resources is responsible for providing and tracking completion of the required training for District employees serving on academic administrator and faculty screening/selection committees; the District's Personnel Commission Office is responsible for providing and tracking completion of the required training for District employees and other persons serving on classified employee screening/selection committees throughout the hiring process. The training is required prior to serving on screening or selection committees. The information and training given to screening and selection committees includes State and federal nondiscrimination laws, educational benefits of a diverse workforce, the importance of eliminating biases in screening and selection decisions, and best practices on serving on a screening or selection committees. Both the Office of Human Resources and the Personnel Commission make every attempt to recruit a diverse panel for our screening committees, in order to ensure a variety of perspectives. Employees cannot serve without having received the training for compliance.

Any individual, whether or not they are an employee of the District, acting on behalf of the District with regard to recruitment, screening, and/or selection of employees is subject to the equal employment opportunity requirements of Title 5 and the District's

Equal Employment Opportunity Plan.

Recruitment, screening, and selection for all classified positions are also governed by the rules and regulations of the Personnel Commission at Santa Monica College, and the California State Education Code, Sections 88050 through 88139. Training for classified screening committees focuses heavily on identifying potentially discriminatory factors and elimination of bias by ensuring questions and screening criteria are based strictly on job related factors.

EEO Plan: https://www.smc.edu/administration/humanresources/documents/EEO_Documents/EEO-Plan.pdf

IX. The Process for Providing Annual Written Notice to Community-Based and Professional Organizations

The Equal Employment Opportunity Officer will provide annual written notice to appropriate community-based and professional organizations concerning the Plan. This written notice will be by email if possible. The notice will:

- inform these organizations how they can access or obtain a copy of the Plan;
- inform them of the District's need for assistance from the community and such organizations in identifying qualified candidates;
- include the EEO Policy Statement and an internet or PDF link to the Plan; and
- include the internet address where the District advertises its job openings and include contact information for persons who wish to obtain employment-related information.
- Human Resources will keep an electronic copy on file at the District Office.

The District will provide notice to our General Advisory Leaders and Board Members listed [here](#), and to the Personnel Commissioners (the list will be provided by the Personnel Commission). The District's Equal Employment Opportunity Officer will maintain a list of organizations which will receive this notice.

X. A Process for Gathering Information and Periodic Longitudinal Analysis of the District's Employees and Applicants

At least once every 3 years, but more often if determined as necessary by the Superintendent/President or designee, the Office of Human Resources and the Personnel Commission shall review employee and applicant data to determine if underrepresentation of a monitored group may be the result of non-job-related factors in the employment process. The analyses used in the review shall include, but need not be limited to:

- longitudinal analysis of data regarding job applicants to identify whether over multiple job searches, a monitored group is disproportionately failing to move from the initial applicant pool to the qualified applicant pool;
- analysis of data regarding potential job applicants, to the extent provided by the State Chancellor, which may indicate underrepresentation of a monitored group; and
- analysis pursuant to Section 53003(c)(7) of Title 5 of the California Code of Regulations to determine whether a group is underrepresented.⁹

The size of applicant and candidate pools for classified positions tend to vary significantly. Adverse impact analysis for some of our smaller groups is challenging to interpret because overall numbers are very limited. The Personnel Commission is currently reviewing many of our current practices in this area. Our goal is to re-group applicant and candidate data (i.e., all Instructional Assistant recruitments over the past three years), in order to conduct a wider span of analysis that would provide more meaningful data.

Review of Initial and Qualified Applicant Pools (Academic Positions Only)

The District's analysis of applicant pools will include the following provisions:

Initial applicant pools will be reviewed for projected representation of monitored groups. Once the initial pool is approved, the pool will be screened for minimum qualifications, resulting in a qualified applicant pool. The qualified applicant pool will be reviewed so that no monitored group is adversely impacted. Once the qualified applicant pool is approved, the pool will be forwarded to the screening/interview committee. The District's recruitment and hiring procedures will include the following provisions:

- a. Review each locally established "required," "desired," or "preferred" qualification being used to screen applicants for positions in the job category to determine if it is job-related and consistent with:
 - i. any requirements of all applicable federal, state, and local laws; and
 - ii. qualifications which the Board of Governors has found to be job-related throughout the community college system, including the requirement that applicants for academic and administrative positions demonstrate sensitivity to the diversity of community college students.
- b. Discontinue the use of any locally established qualification that has not been found to satisfy the requirements set forth in this section;
- c. Continue using qualification standards meeting the requirements of this section only where no alternative qualification standard is reasonably available which would select for the same characteristics, meet the requirements of paragraph (4), and be expected to have a less exclusionary effect.

The District, through its Office of Human Resources, shall collect employee demographic data and shall monitor applicants for employment on an ongoing basis in order to evaluate the implementation of its EEO plan, to provide data needed for the analyses required by this Plan, and to determine whether any monitored group is underrepresented. The District shall annually report to the Chancellor, in a manner prescribed by the Chancellor, this data for employees of the District. Each employee shall be reported so that each individual may be identified as belonging to one of the following seven job categories:

- a. Executive/Administrative/Managerial;
- b. Faculty and Other Instructional Staff;
- c. Professional Non-Faculty;
- d. Secretarial/Clerical;
- e. Technical and Paraprofessional;
- f. Skilled Crafts; and
- g. Service and Maintenance

For purposes of the data collection and reporting required under this section, each applicant or employee shall be afforded the opportunity to identify their gender, ethnic group identification and, if applicable, disability. A person may designate multiple ethnic groups with which to identify, but shall be counted in the 'Two or More' category for ethnic group reporting purposes. This information is kept confidential and is separated from the applications that are forwarded to the screening/interview committee and hiring administrator(s).

XI. A Process for Utilizing Data to Determine Whether Monitored Groups Are Underrepresented Within District Job Categories

[Reference – Title 5, Sec. 53003(c)(9)]

The District recognizes that equity, inclusion, diversity, and accessibility (DEIA), equal employment opportunity (EEO) and the creation of a diverse workforce is a part of its mission. EEO involves creating an environment that fosters cooperation, acceptance, democracy, and free expression of ideas, and that is welcoming to individuals of all sexes and genders, individuals with disabilities, and individuals from all ethnic and other groups that are protected from discrimination. It means that all qualified individuals have a full and fair opportunity to compete for hiring and promotion and to enjoy the benefits of employment with the District. EEO should exist at all levels and in all job categories. In so doing, the District places great emphasis through its job announcements; and recruitment and screening/selection processes of potential applicants in order to create a diverse pool of qualified individuals from which to hire. With a diverse pool, the District will be in a position to hire candidates with varied backgrounds who can contribute and effectively communicate in a diverse community. The EEO provisions below are applicable to all full-time and part-time hiring, including any hiring meant to address the ratio of full-time to part-time faculty that may be required by [Education Code Section 87482.6](#).*

To address any identified underrepresentation of monitored groups (Underrepresented Groups are any monitored group for which the percentage of persons from that group employed by the district in a job category is below eighty percent (80%) of the projected representation for that group and job category.) that may be the result of non-job-related factors in the employment process, the District will revise its recruitment and hiring procedures and policies in accordance with the following provisions. These provisions will be in place henceforth, whether or not underrepresentation exists, because the provisions are also valuable in ensuring EEO.

*[Education Code Section 87102](#) requires each district's Plan to address how the district will make progress in achieving the ratio of full-time to part-time faculty hiring as required by [Education Code Section 87482.6](#), while still ensuring equal employment opportunity.

It is the policy of the District to aggressively pursue a program of recruitment and hiring that is equitable, diverse in approach, inclusive, accessible, and open to all individuals.

- c. Review and provide a longitudinal analysis regarding the District's recruitment procedures and identify and implement any additional measures which might reasonably be expected to attract candidates from the significantly underrepresented group identified;
- d. For any job category whether or not continuing significant underrepresentation exists, the District will apply the recruitment procedures set forth in Title 5, Section 53021 to conduct full and open recruitment for all new openings. The District will not invoke the provisions for in-house interim academic appointments (or the exception under 53021(c)(7) for engaging an administrator through a professional services contract) unless the Superintendent/ President or designee first notifies the governing board and the Equal Employment Opportunity Advisory Committee in writing of the compelling reason to limit the persons who may be considered for a vacancy in a job category where underrepresentation persists. An exception can be made when a classified promotional appointment or transfer does not result in a net increase in the number of employees, or a classified position is filled by a temporary, short-term, or substitute employee appointed pursuant to Education Code sections 87422, 87480, 87482.5(b), 88003, 88106 or 88109, provided that all appointments are made in compliance with Title 5 – Section 53021.
- e. Recruitment for all open academic positions shall include, but not be limited to, placement of job announcements in the following instruments:

Attendees will be provided with information regarding current job openings, the demographic makeup of the student body, hiring criteria and procedures, and information on the District's commitment to equal employment opportunity. Efforts will be made to attract diverse groups of individuals to the open house.

- g. The District will undertake longitudinal analysis of data regarding job applicants to identify whether over multiple job searches, a monitored group is disproportionately failing to move from the initial applicant pool to the qualified applicant pool.
- h. The District will analyze data regarding potential job applicants, to the extent provided by the State Chancellor, which may indicate significant underrepresentation of a monitored group.
- i. The District will analyze data pursuant to Section 53003(c)(7) of Title 5 of the California Code of Regulations to determine whether a group is significantly underrepresented.
- j. The District will review initial and qualified applicant pools to determine what applicants meet minimum qualification or equivalency. There will also be a review to determine the diversity make-up of the pool.
- k. The District will ensure that search/selection committee procedures include a selection orientation that is intentional about developing practices that are fair and equitable and give all applicants a fair opportunity to participate in the recruitment process.
- l. The District will consult with the Equal Employment Opportunity Advisory Committee, and other District or community stakeholders to utilize and notify the District of additional recruitment options that may enable the District to obtain a diverse pool of applicants.
- m. The District is committed to ensuring that it continues to promote a diverse, equitable inclusive, and accessible (DEIA)-minded environment. XII. Methods of Addressing Underrepresentation

The District seeks to employ qualified persons with a broad range of backgrounds and abilities who have the knowledge and experience to work effectively in a diverse environment. The selection process is based on merit, and will extend to all candidates a fair, impartial examination of qualifications based on job-related criteria. Upon analysis, where the District determines that there is underrepresentation or adverse impact of one or more monitored groups in recruitment may be the result of non-job-related factors, it shall implement additional measures/strategies in

its EEO Plan designed to address the specific area(s) of concern.¹⁰ These additional measures shall include the following:

- 1) Review the District's process for utilizing data to determine underrepresentation, the recruitment procedures and identify and implement any additional measures which might reasonably be expected to attract candidates from the underrepresented group;
- 2) Goals for Strategies focusing on data analyzation;
 - a. Identify processes, roles, and responsibilities for data collection, analysis, and reporting, including forming ad hoc committees as needed.
 - b. Clearly define the objectives of the data analysis, focusing on identifying and addressing underrepresentation and adverse impacts in the screening process.
 - c. Review the scope of the analysis, including which job categories and monitored groups will be examined.
 - d. Gather historical and current recruitment and hiring data, including applicant demographics, screening outcomes, and hiring decisions.
 - e. Ensure data includes details on gender (including non-binary options), ethnicity, disability status, and other relevant characteristics.
 - f. Perform an initial analysis to identify patterns and trends in underrepresentation and adverse impacts during the hiring process.
 - g. Utilize statistical methods for analysis and to identify significant disparities.
 - h. Create a standardized framework for reporting findings, including key metrics, visualizations, and narrative explanations.
 - i. Ensure the report is accessible and understandable to all stakeholders, including non-technical audiences.
 - j. Timeline to meet Years 1 and 2 end:
 - i. Establish Data Analysis Committee and Define Objectives (year 1)
 1. Clarify roles for data collection and analysis (year 1).
 2. Define the objectives and scope of the data analysis (year 1).
 - ii. Collect Data and Identify Benchmarks
 1. Gather all necessary data (year 1).
 2. Establish benchmarks for comparison (year 1).
 - iii. Conduct Initial Data Analysis and Share Preliminary Findings (year 2)
 1. Perform initial analysis and identify key trends. (year 2)
 2. Present preliminary findings and gather feedback. (year 2)
 - iv. Finalize Report and Implement Action Plans (year 2)
 1. Develop and publish the final report. (year 2)
 2. Begin implementing recommendations and action plans. (year 2)
 3. Plan for regular monitoring and evaluation. (year 2)
- 3) Consider various other means of reducing the underrepresentation which do not involve taking monitored group status into account and implement any such techniques which are determined to be feasible and potentially effective;

- 4) Determine whether the group is still significantly underrepresented in the category or categories in question after the measures described in (1) and (2) have been in place for a reasonable period of time:
 - for purposes of this section, by the end of or such longer period as the Chancellor may approve upon the request of the Equal Employment Opportunity Advisory Committee and the Superintendent/President.
- 5) Review each locally established “required,” “desired,” or “preferred” qualification being used to screen applicants for positions in the job category to determine if it is job-related and consistent with:
 - any requirements of all applicable federal, state, and local laws; and
 - qualifications which the Board of Governors has found to be job-related throughout the community college system, including the requirement that applicants for academic and administrative positions demonstrate sensitivity to the diversity of community college students.
- 6) Discontinue the use of any locally established qualification that has not been found to satisfy the requirements set forth in paragraph (4) of this section;
- 7) Continue using qualification standards meeting the requirements of paragraph (4) of this section only where no alternative qualification standard is reasonably available which would select for the same characteristics, meet the requirements of paragraph (4), and be expected to have a less exclusionary effect; and
- 8) Consider the implementation of additional measures designed to promote diversity that are reasonably calculated to address the area of specific need.

The District continues to review and revise its recruitment and hiring procedures and policies in accordance with the law.

Nothing in this section shall be construed to prohibit the District from taking any other steps it concludes are necessary to ensure equal employment opportunity, provided that such actions are consistent with the requirements of all applicable laws.

XIII. Selection of Specific Pre-Hiring, Hiring, and Post-Hiring EEO Strategies and Schedule Identifying Timetables for Their Implementation (Multiple Methods Integration)

Pre-Hiring

Internship Program

This new program will focus on DEIA to place underrepresented and nontraditional candidates in fields where they will gain opportunities for career exploration, as well as build genuine working relationships with faculty and staff. This is also an opportunity for networking and access to District leaders as candidates and prepare for the employment process. The program will be open to all candidates, especially candidates obtaining teaching degrees at colleges and universities that may not always consider teaching at the community college-level.

Hiring Platforms

Use recruitment processes and platforms to the institution to identify and attract underrepresented and nontraditional candidates, as well as increase promotional career pathways. Develop videos explaining the process and displaying SMC commitment to DEIA. Identify several recruitment sources geared towards attracting diverse pools of candidates. One of the platforms we are interested in is PRISM.

We expect to contract services from two existing platforms.

EEO Video will be developed in Spring 2025 ready for use in the Fall 2025. Purpose to showcase SMC as a great place to work. Video will focus on faculty and classified recruitment.

Hiring

Student Workers and Participation in Hiring Committees

This new program will identify and implement practices that will encourage bringing students into the hiring process. SMC currently employs student workers for various roles throughout the campus. The goal through this program is to bring diversity and new voices to the hiring process, while encouraging and empowering students to gain professional experience. Students will be included as a participant in the hiring committee process.

We expect to place at least 1 student per screening/hiring committee.

Santa Monica College utilizes a merit system in conducting recruitment for all classified positions, and in overseeing the maintenance of a classification system that serves as a basis for ensuring equitable pay practices. A merit system provides for the selection and promotion of employees on the basis of merit and fitness, and salary allocation based on the concept of like pay for substantially similar work, without regard to race, ethnicity, gender, sexual orientation, socio-economic status, age, disability, culture, religion, or other protected categories.

The Personnel Commission is responsible for the administration of the merit system at Santa Monica College. In order to minimize barriers to employment that are not job-related, and to ensure compliance with the California Education Code Sections relevant to merit system operations (Sections 88060 – 88139), we carry out these responsibilities through the following practices:

- Ensuring hiring decisions are based solely on job-related factors. We utilize a content validation process outlined in the EEOC's Uniform Guidelines for Employee Selection Procedures to link test and interview content and scoring standards to the most critical job requirements. We also utilize a competency modeling approach to job analysis that helps define a broader area for assessment.

- Monitoring hiring committee outcomes to ensure decision criteria is job-related, driven by evidence, and not based on potential biases.
- Recording all interviews and maintaining these recordings for a minimum of 90 calendar days to reference if needed for addressing complaints.
- Allowing candidates to review their results, and to formally protest if they feel an evaluation was biased. The Director of the Personnel Commission has the authority to overturn any rating if evidence shows it was the result of a biased judgement.
- Establishing minimum requirements for each job, based on job analysis data, to ensure that these requirements are relevant to the type and level of the job and do not unduly restrict candidate pool diversity.
- Maintaining a system of continuous classification review to ensure job descriptions are updated and accurately reflect the level and nature of work required.
- Continuing to monitor and analyze our hiring process outcomes to assess their impact on candidate diversity and inform continuous improvement efforts.

Future steps we plan to implement during the next fiscal year include the following:

Adding a common group of knowledge and skills to all class descriptions that will more effectively represent the District's DEI priorities.

Increasing the number and variety of recruitment sources we utilize in order to attract more diverse applicant pools, particularly in areas which are historically underrepresented.

Expanding our analysis of applicant and candidate pools in order to better identify tools and processes which have the greatest impact on improving the diversity within our workforce.

Committing ourselves to participate in ongoing DEIA training and development

Post-Hiring

Mentorship Program

This new program will create one-on-one and group relationships to foster and enhance DEIA-minded personal and professional growth in underrepresented and nontraditional employees. This program will have two tracks – an internal program with employees and an external program involving employees and other organizations. This will involve partnerships with local city groups, expert guests, institutional leaders, and other leaders in higher education.

Employee Resource Groups

Funds will be allocated to Employee Resource Groups to build self-efficacy and awareness and to embrace the differences in other populations through mentorships, professional development, and other unifying activities.

We expect 50% of our employee resource groups to participate.

The Personnel Commission utilizes a classification system for classified positions that ensures everyone with the same job title is paid within the same salary range, regardless of who they know, previous rates of compensation, or their gender, race, ethnicity, and/or other protected categories. Differences in pay within the same classification are based solely on seniority, or on pre-defined criteria, such as bilingual stipends or shift differentials in accordance with applicable collective bargaining agreements or merit rules. We utilize a Position Reclassification Study process as a remedy to address complaints related to pay equity within the job series. If our findings show that an employee has been performing duties regularly that are paid at a higher level, we can grant temporary working out of class pay or a permanent reclassification to the higher-paying job.

All recruitment for employment positions conducted by the District including, without limitation, recruitment positions conducted by the District's Office of Human Resources and Personnel Commission, shall be conducted consistent with all the requirements set forth in Section 53021 of Title 5 of the California Code of Regulations.

The District's Office of Human Resources, and Personnel Commission, shall create job announcements and set qualifications for employment positions consistent with all the requirements set forth in Section 53022 of Title 5 of the California Code of Regulations.

The District Office of Human Resources shall conduct academic applicant pool reviews, and take appropriate action as necessary, consistent with all of the requirements set forth in Section 53023 of Title 5 of the California Code of Regulations.

The District's screening and selection procedures shall be consistent with all the requirements set forth in Section 53024 of Title 5 of the California Code of Regulations. Specifically, all screening and selection techniques, including the procedure for developing interview questions, and the selection process as a whole, shall be:

- provided to the Chancellor upon request;
- designed to ensure that for all faculty and administrative positions and as appropriate for all other positions (including classified positions), meaningful consideration is given to the extent to which applicants demonstrate a sensitivity to and understanding of the diverse academic, socioeconomic, cultural, disability, gender identity, sexual orientation, and ethnic backgrounds of community college students;
- based solely on job-related criteria; and
- designed to avoid an adverse impact, as defined in Section 53001(a) of Title 5 of the California Code of Regulations, and monitored by means consistent with this section to detect and address any adverse impact which does occur for any monitored group.

Whenever possible, screening/selection committees shall include a diverse membership which will bring a variety of perspectives to the assessment of applicants' qualifications.

Each individual serving on an academic hiring committee will be required to participate in a recruitment training session once each academic year. This training is mandatory; individuals who have not received this training will not be allowed to serve on screening/selection committees.
