PUBLIC PARTICIPATION FOR VIRTUAL MEETINGS

During the COVID-19 (Coronavirus) Global Pandemic, the Board of Trustees has determined in accordance with Government Code Section 54953 that as a result of the ongoing emergency that meeting in person would present imminent risks to the health and safety of the attendees at public meetings. The Zoom format used for College public meetings ensures public participation and provides an opportunity for the public to directly address the body. Members of the public have the right to request to make public comments until such time as the public comment period is over. Members of the public may address the Committee and public participation can occur in one of two ways. Members of the public can submit written comments to be read during the public meeting or they may speak during the Zoom meeting.

Individuals wishing to speak or submit written comments to be read at the meeting are requested to send an email to personnel_commission@smc.edu, by no later than 9:30 a.m. on Thursday, June 29, 2023. The email should include the following information:

Name
Department (optional)
Topic or Agenda Item # to be addressed
Comments to be read (if submitting written comments)

Instructions for Speaking to the Commission through Zoom

Speakers may address any specific agenda item or may provide general comments during the "Public Comments" period. When it is time for the speakers to address the Commission, their name will be called and the microphone on their Zoom account will be activated. A speaker's Zoom Profile should match their real name to expedite this process. After the comment has been given, the microphone for the speaker's Zoom profile will be muted. All public comments will be subject to the general rules set forth below.

Five minutes is allotted to each speaker per topic. If there are more than four speakers on any topic or item, the Commission reserves the option of limiting the time for each speaker. A speaker's time may not be transferred to another speaker.

Each speaker is limited to one presentation per specific agenda item before the Commission, and to one presentation per Commission meeting on non-agenda items.

Five minutes is allotted to each speaker per topic for general public comments. The speaker must adhere to the topic. Individuals wishing to speak during the Public Comments will be called upon during Public Comments.

Any person who disrupts, disturbs, or otherwise impedes the orderly conduct of any meeting by uttering loud, threatening, or abusive language or engaging in disorderly conduct, shall, at the discretion of the presiding officer or majority of the Committee, be requested to be orderly and silent and/or removed from the meeting.

No action may be taken on items of business not appearing on the agenda.

BACKGROUND

Attached for your approval are the classification revisions for **Program Coordinator – Emeritus**

As scheduled on the annual cyclical study calendar, Commission staff is reviewing the Program Coordinator – Emeritus classification. The Program Coordinator – Emeritus oversees, coordinates, and assists in the day-to-day operation and activities of the Emeritus program, by planning and scheduling course offerings based on student enrollment, facilities and faculty availability. The Santa Monica College Emeritus Program offers a broad range of noncredit classes that serve the interest of older adults.

The Program Coordinator - Emeritus was established in October 2006. This classification was last revised in April 2008. There is currently one incumbent in this classification. The proposed changes will not adversely affect the incumbent.

METHODOLOGY

This study was scheduled in the cyclical review calendar for 2021-2022. The incumbent from the Program Coordinator - Emeritus classification, as well as CSEA, were invited to participate in a class study orientation on November 8, 2021, to discuss the purpose of the study, methodology, timelines, possible outcomes and implications, and frequently asked questions. The incumbent was requested to complete a Position Description Questionnaire (PDQ) by December 13, 2021.

Personnel Commission staff met with Scott Silverman, Dean of Noncredit & External Programs (Interim), and Guadalupe Salgado, Associate Dean of Emeritus, to discuss the classification description. In addition, the supervisors were requested to complete a duty analysis worksheet by rating the frequency and criticality of each duty in the current class description. Distinguishing characteristics were added to clarify related roles within the occupational series, and duties were added to more accurately reflect responsibilities assigned to this classification. The knowledge, skills and abilities section were updated with standardized language.

Additionally, a job evaluation and an external salary study of public agencies with positions that have comparable duties and responsibilities was conducted. Salary data was gathered based on the comparison of positions with the level of duties and responsibilities most similar to the subject position.

RESULTS

Based on the data gathered, revisions to the class description are being proposed to include a more accurate description of the work required. Additional changes serve to clarify the concept of the class, essential duties and KSAs (knowledge, skills and abilities).

A comprehensive survey of comparable agencies was conducted. The salary survey of standard benchmark organizations resulted in moderate to strong matches, which are identified and resented below, with some variability in assigned functions but with comparable levels of responsibility.

**The midpoint or 50th percentile of data; a calculation that is not as susceptible to extreme high or low values in a dataset, as compared to the average. Due to variability in the number of steps per range in comparable agencies, the median provides a more accurate comparison between agencies.*

The current salary range for Program Coordinator – Emeritus is \$5,959 to \$7,244 per month (Classified Employee Salary Schedule, Range 37). In this survey, SMC is in the 71st median percentile compared to all benchmark agencies with comparable classifications, which meets the College’s goal to target base median salary at or above the 70th percentile.

Cyclical review results have been sent for review to the incumbent, CSEA, Department Management, Business Services, Human Resources, and executive leadership.

The following chart show related classifications in this job discipline and current salary allocation for each classification:

BACKGROUND

Attached for your approval are the classification revisions for **Program Coordinator – Workforce & Economic Development**.

As scheduled on the annual cyclical study calendar, Commission staff is reviewing the classifications in Workforce & Economic Development. The Program Coordinator – Workforce & Economic Development has considerable responsibility for overall planning, program coordination and oversight utilizing program and contract specific knowledge related to development, marketing, implementation, budgeting, and funding of assigned programs with substantial impact on District resources. This role is required to coordinate \$14M in grants, projects and initiatives.

The Santa Monica College Workforce & Economic Development Office administers multiple economic development grants and workforce participation projects from a variety of government funding sources to enhance Santa Monica College's programs and services. Grant funded projects are dedicated to workforce skills upgrades and business expansion they enable the College to enhance its full complement of services, including assessment, career education, training in workplace skills, internships, and customized training to meet the needs of business and industry. SMC collaborates with local businesses through industry advisory councils composed of business executives and representatives, college administrators and faculty experts to ensure that SMC's curricula meets and exceeds industry standards.

The Program Coordinator - Workforce & Economic Development was established in March 2018. There is currently one incumbent in this classification. The proposed changes will not adversely affect the incumbent.

METHODOLOGY

This study was scheduled in the cyclical review calendar for 2021-2022. The incumbents from the Workforce & Economic Development classifications, as well as CSEA, were invited to participate in a class study orientation on November 8, 2021, to discuss the purpose of the study, methodology, timelines, possible outcomes and implications, and frequently asked

questions. The incumbent was requested to complete a Position Description Questionnaire (PDQ) by December 13, 2021.

Personnel Commission staff met with Patricia Ramos, Dean, Academic Affairs, to discuss the class description. In addition, the supervisor was requested to complete a duty analysis worksheet by rating the frequency and criticality of each duty in the current class description. Distinguishing characteristics were added to clarify related roles within the occupational series, and duties were added to more accurately reflect responsibilities assigned to this classification. The knowledge, skills and abilities section were updated with standardized language.

Additionally, a job evaluation and an external salary study of public agencies with positions that have comparable duties and responsibilities was conducted. Salary data was gathered based on the comparison of positions with the level of duties and responsibilities most similar to the subject position.

RESULTS

Based on the data gathered, revisions to the class description are being proposed to include a more accurate description of the work required. Additional changes serve to clarify the concept of the class, essential duties and KSAs (knowledge, skills and abilities).

A comprehensive survey of comparable agencies was conducted. The salary survey of standard benchmark organizations resulted in moderate to strong matches, which are identified and resented below, with some variability in assigned functions but with comparable levels of responsibility.

**The midpoint or 50th percentile of data; a calculation that is not as susceptible to extreme high or low values in a dataset, as compared to the average. Due to variability in the number of steps per range in comparable agencies, the median provides a more accurate comparison between agencies.*

The current salary range for Program Coordinator – Workforce & Economic Development is \$5,959 to \$6,602 per month (Classified Employee Salary Schedule, Range 37). In this survey, SMC is in the 48th median percentile compared to all benchmark agencies with comparable classifications; that is, 52% of market comparables were paid higher than the SMC classification.

SALARY REALLOCATION

It is recommended that Program Coordinator – Workforce & Economic Development be reallocated from Range 37 of the Classified Employee Salary Schedule to Range 39 (\$6,257 to \$7,606 per month), a 5% increase. The proposed increase would place the median salary for this classification at the 77th percentile compared to the market median. Salary reallocation is justified given that it meets the College's goal to target base median salary at the 70th percentile. This will serve to establish a competitive salary to attract and retain qualified candidates, while ensuring that the proposed ranges is aligned with other classifications within the Workforce & economic Development series.

Cyclical review results have been sent for review to the incumbent, CSEA, Department Management, Business Services, Human Resources, and executive leadership.

The following chart show related classifications in this job discipline and current salary allocation for each classification:

BACKGROUND

Attached for your approval are the classification revisions for **Workforce & Economic Development Project Assistant**.

As scheduled on the annual cyclical study calendar, Commission staff is reviewing the classifications in Workforce & Economic Development. The Workforce & Economic Development Project Assistant performs specialized and technical duties and activities related to supporting and promoting Workforce and Economic Development grant programs and contracts.

The Santa Monica College Workforce & Economic Development Office administers multiple economic development grants and workforce participation projects from a variety of government funding sources to enhance Santa Monica College's programs and services. Grant funded projects are dedicated to workforce skills upgrades and business expansion they enable the College to enhance its full complement of services, including assessment, career education, training in workplace skills, internships, and customized training to meet the needs of business and industry. SMC collaborates with local businesses through industry advisory councils composed of business executives and representatives, college administrators and faculty experts to ensure that SMC's curricula meets and exceeds industry standards.

The Workforce & Economic Development Project Assistant was established in May 2013. There are currently two incumbents in this classification. The proposed changes will not adversely affect the incumbents.

METHODOLOGY

This study was scheduled in the cyclical review calendar for 2021-2022. The incumbents from the Workforce & Economic Development classifications, as well as CSEA, were invited to participate in a class study orientation on November 8, 2021, to discuss the purpose of the study, methodology, timelines, possible outcomes and implications, and frequently asked questions. The incumbent was requested to complete a Position Description Questionnaire (PDQ) by December 13, 2021.

Personnel Commission staff met with Patricia Ramos, Dean, Academic Affairs, to discuss the class description. In addition, the supervisor was requested to complete a duty analysis worksheet by rating the frequency and criticality of each duty in the current class description. Distinguishing characteristics were added to clarify related roles within the occupational series, and duties were added to more accurately reflect responsibilities assigned to this classification. The knowledge, skills and abilities section were updated with standardized language.

Additionally, a job evaluation and an external salary study of public agencies with positions that have comparable duties and responsibilities was conducted. Salary data was gathered based on the comparison of positions with the level of duties and responsibilities most similar to the subject position.

RESULTS

Based on the data gathered, revisions to the class description and a retitle are being proposed to include a more accurate description of the work required. Additional changes serve to clarify the concept of the class, essential duties and KSAs (knowledge, skills and abilities).

A comprehensive survey of comparable agencies was conducted. Sufficient market data was not available to utilize the percentile ranking method of salary placement. Comparable agencies did not have an equivalent role in nature and level of responsibilities. Salary allocation is recommended using internal alignment with the existing and comparable specialized student services specialist classifications.

SALARY REALLOCATION

It is recommended that Workforce & Economic Development Project Assistant be reallocated from Range 28 on the Classified Employee Salary Schedule (\$4,783 to \$5,814 per month) to Range 34 (\$5,537 to \$6,730 per month), a 15.76% increase. The proposed increase would align the salary for this classification with other classifications within the same job discipline. Based on job evaluation data, the Workforce & Economic Development Project Assistant is comparable to other recently reviewed specialized student services specialist classifications in factors such as complexity, knowledge required, scope & effect and nature & purpose of contacts.

Cyclical review results have been sent for review to the incumbents, CSEA, Department Management, Business Services, Human Resources, and executive leadership.

The following chart show related classifications in this job discipline and current salary allocation for each classification:

Agenda Report Number	6
Subject	Classification Revisions, Retitle and Salary Reallocation: Media and Reprographic Services Manager to Reprographics Supervisor
Date	June 29, 2023
To	Members of the Personnel Commission
From	Carol Long, Director of the Personnel Commission
By	Amy Gurjian, Classification and Compensation Manager

BACKGROUND

Education Enterprise requested changes to the Media & Reprographics Services Manager classification. As result of description changes, a retitle to Reprographics Supervisor is proposed.

This classification was originally established in 1994 and has been revised several times since its inception. This classification has been vacant since 2017.

METHODOLOGY

Personnel Commission staff worked with the Dean of Education Enterprise, Mitch Heskell, to review the current classification description and determine if the duties and scope of work accurately reflect the job requirements.

A job evaluation and external salary study was conducted to identify similar roles in comparable agencies. Internal comparisons were also reviewed to ensure proper alignment with other related classifications and adequate distinction between job levels. Once the duties were finalized, Commission staff prepared the description and salary proposal and sent recommendations for review to senior leadership.

Commission staff will conduct further meetings with Department management prior to opening recruitment to gather and analyze documentation for developing a recruitment plan and creating talent assessment content.

RESULTS

Changes to the classification title, duties, reporting relationships, and requirements are being recommended to reflect the nature and level of work required.

A comprehensive salary survey of 16 comparable agencies was conducted to examine industry trends and determine current salary ranking. Sufficient market data was not available to utilize the percentile ranking method of salary placement (i.e., at least 30% of surveyed jobs should be matched). Comparable agencies did not utilize a similar role or assigned much broader scope of

management responsibilities related to warehouse, delivery and mail services. As a result, salary recommendation is based on internal alignment within the job series and similar supervisory roles in Education Enterprise.

SALARY REALLOCATION

As a result of description changes, it is recommended that the salary be reallocated from Range M22 (\$8,408 to \$10,219 per month) to Range M13 (\$6,748 to \$8,202 per month) on the Classified Management Salary Schedule. Salary reallocation was recommended given substantial changes in level and nature of work assigned to this classification, and internal alignment considerations within the job series to attract, motivate and retain qualified candidates through effective promotional paths. See proposed pay structure within the job series:

JOB TITLE	RANGE	MIN	MAX	% DIFFERENCE BETWEEN LEVELS
Director of Auxiliary Services	M31	\$10,469	\$12,725	55.14%
<i>Reprographics Supervisor¹</i>	<i>M13</i>	<i>\$6,748</i>	<i>\$8,202</i>	<i>27.97%</i>
Senior Reprographics Technician	32	\$5,273	\$6,410	5.00%
Reprographics Technician	30	\$5,022	\$6,105	

¹*Proposed retitle & salary reallocation.*

Internal comparison of supervisory roles in Education Enterprise was also considered. Higher paid roles require advanced level of professional or administrative knowledge, managing a larger, more complex operation. See pay data for other supervisory roles in Education Enterprise:

JOB TITLE	RANGE	MIN	MAX
Campus Store Manager	M16	\$7,264	\$8,828
Accounting Supervisor	M14	\$6,918	\$8,408
Enterprise Business Supervisor	M14	\$6,918	\$8,408
<i>Reprographics Supervisor¹</i>	<i>M13</i>	<i>\$6,748</i>	<i>\$8,202</i>

¹*Proposed retitle & salary reallocation.*

Proposed changes were sent for review to Department leadership, Business Services, Human Resources, and the Superintendent/President.

RECOMMENDATIONS

It is recommended that the Commission approve the proposed class description revisions, retitle and salary reallocation for Media & Reprographics Services Manager.
