Windows App

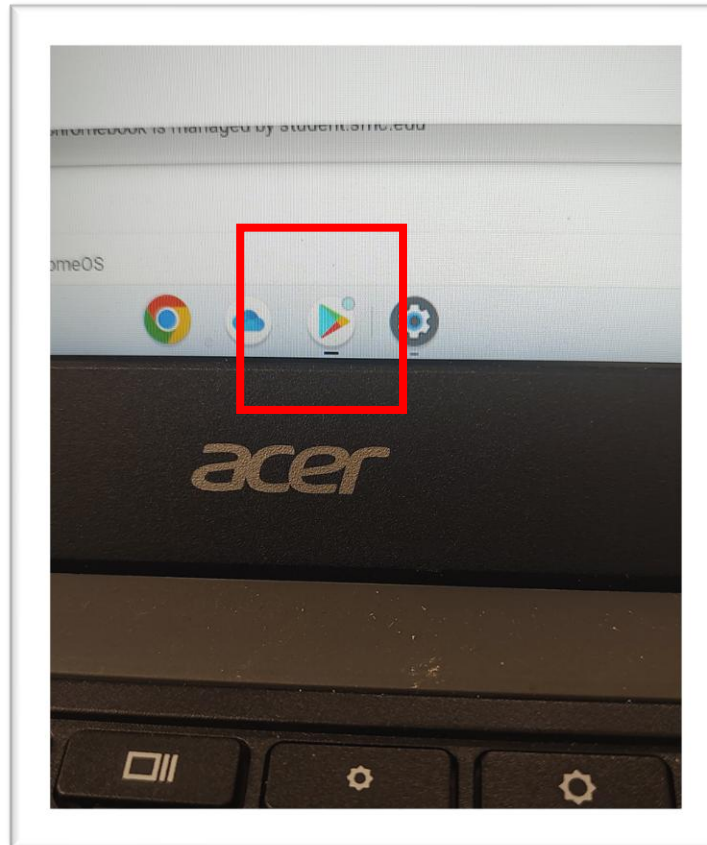

Installation and Configuration Guide for Windows App

For

Chromebook devices.

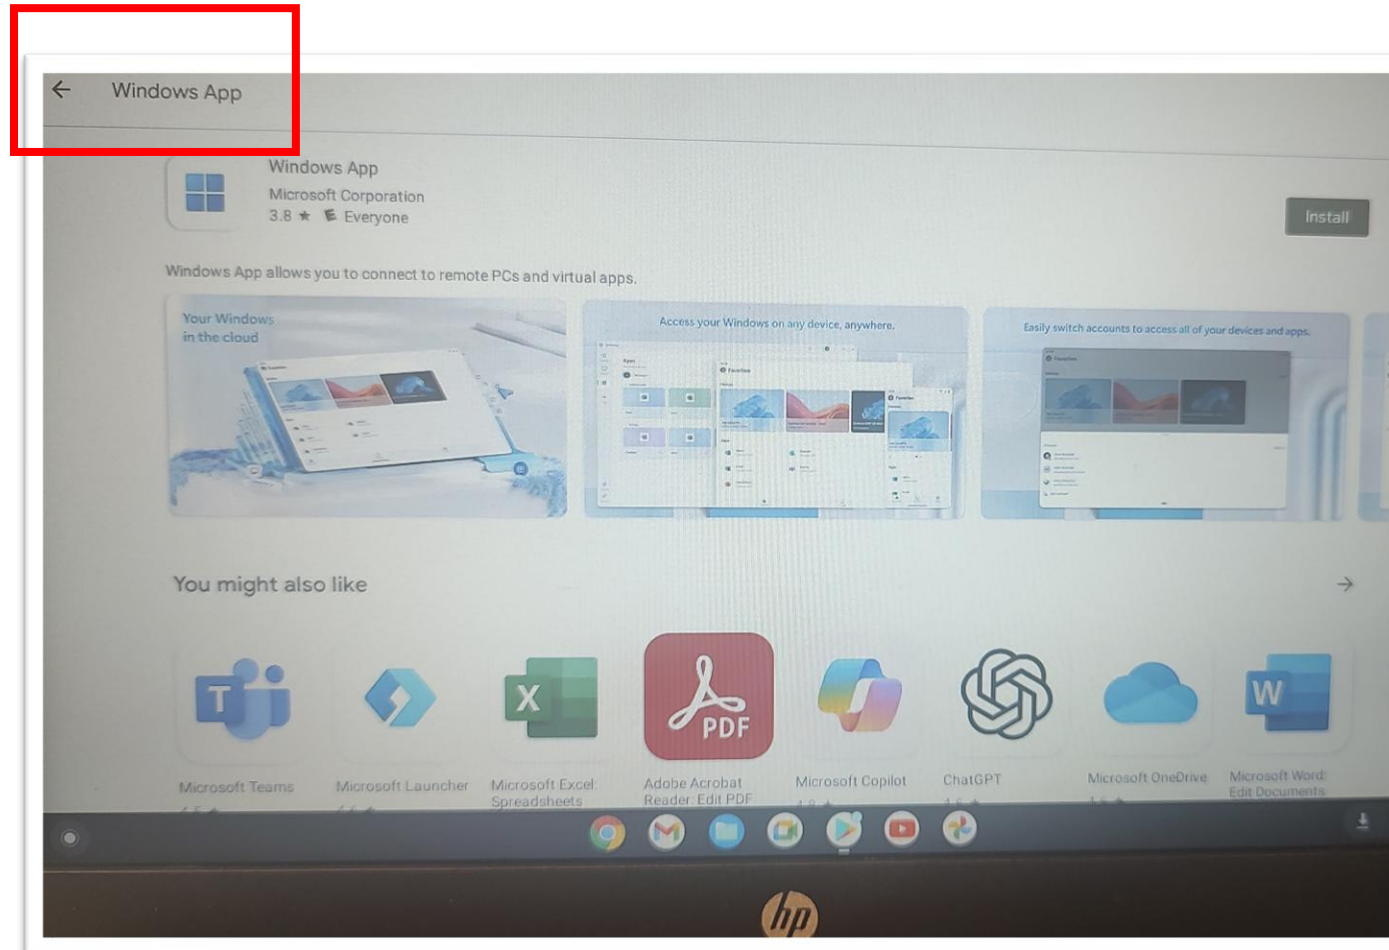

In your Chromebook, open/run the “Play Store” app.

- Usually found on the taskbar on.

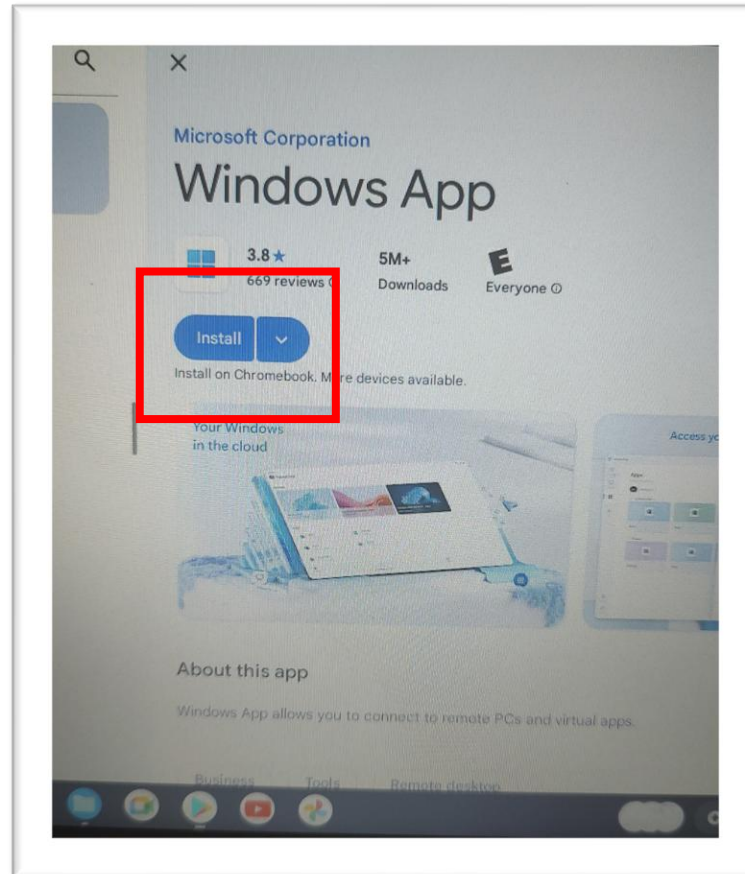

In the search box of the Play Store, search for “Windows App”.

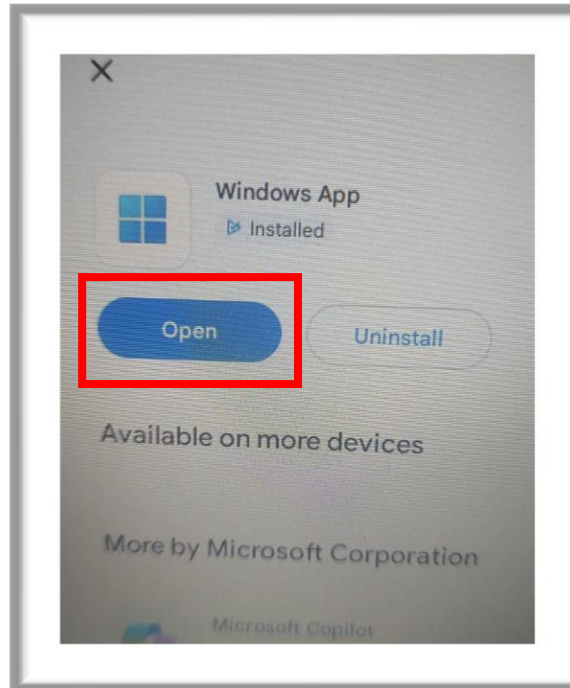

* You may have to click on the Search icon first.

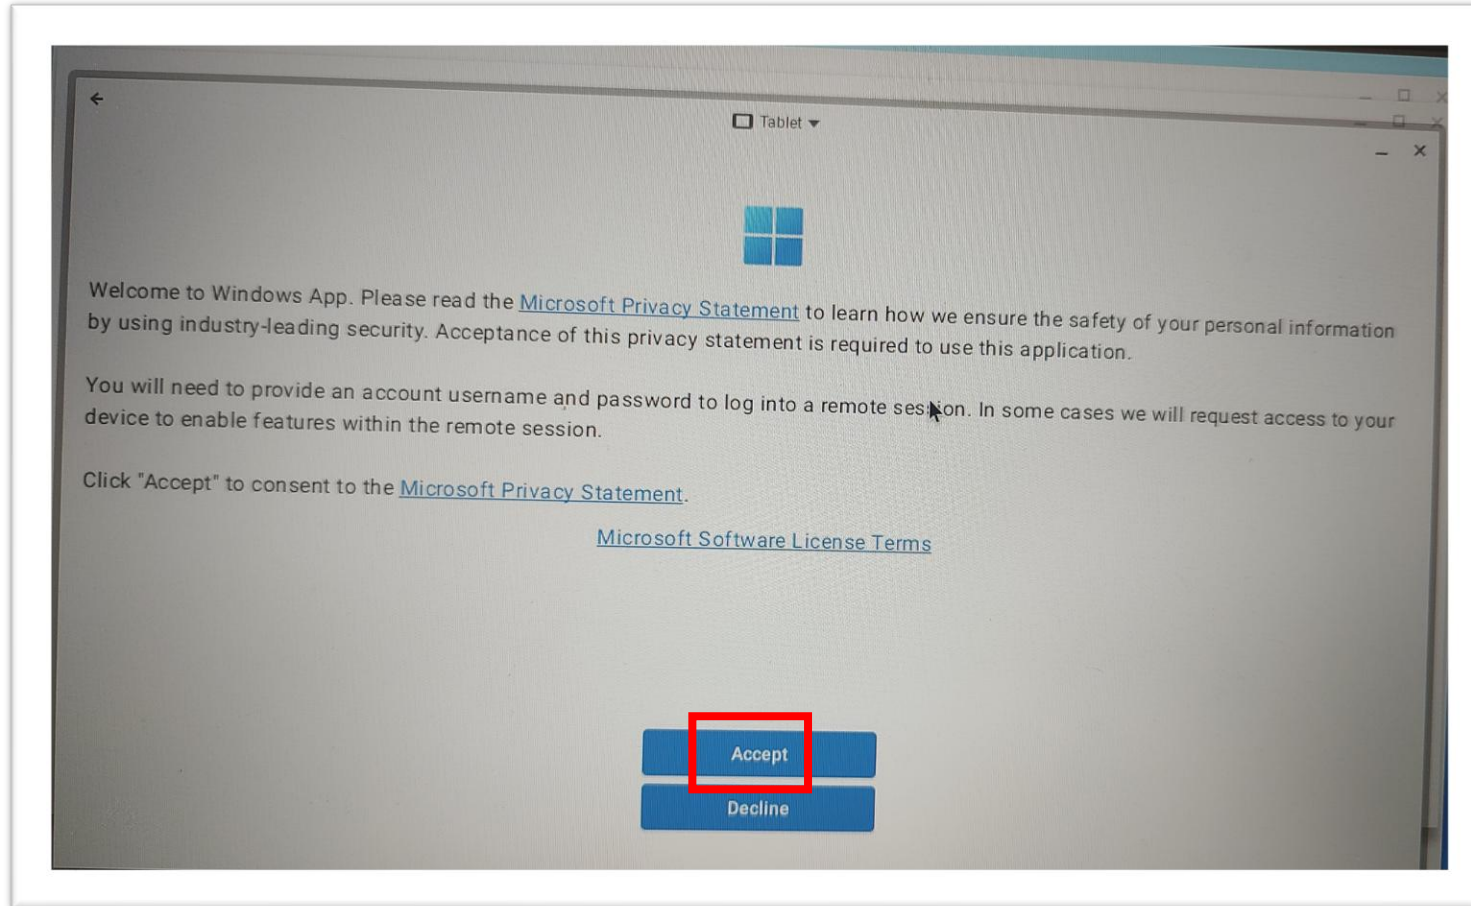

- Click on “Install” to start the installation.
- Wait for the installation to complete.

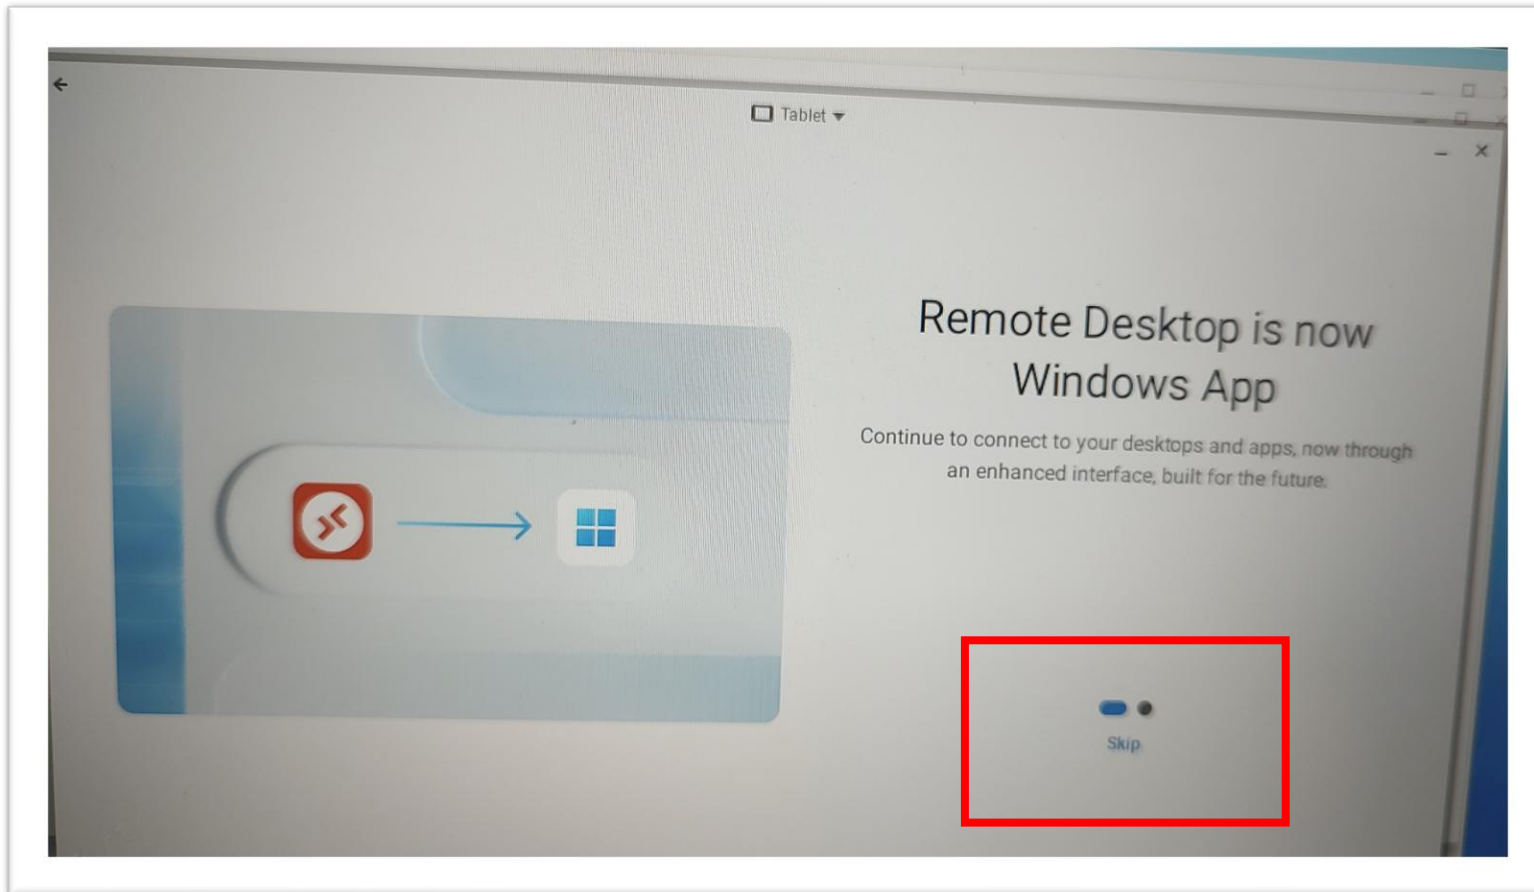

Click on “Open” button to open/run the app.

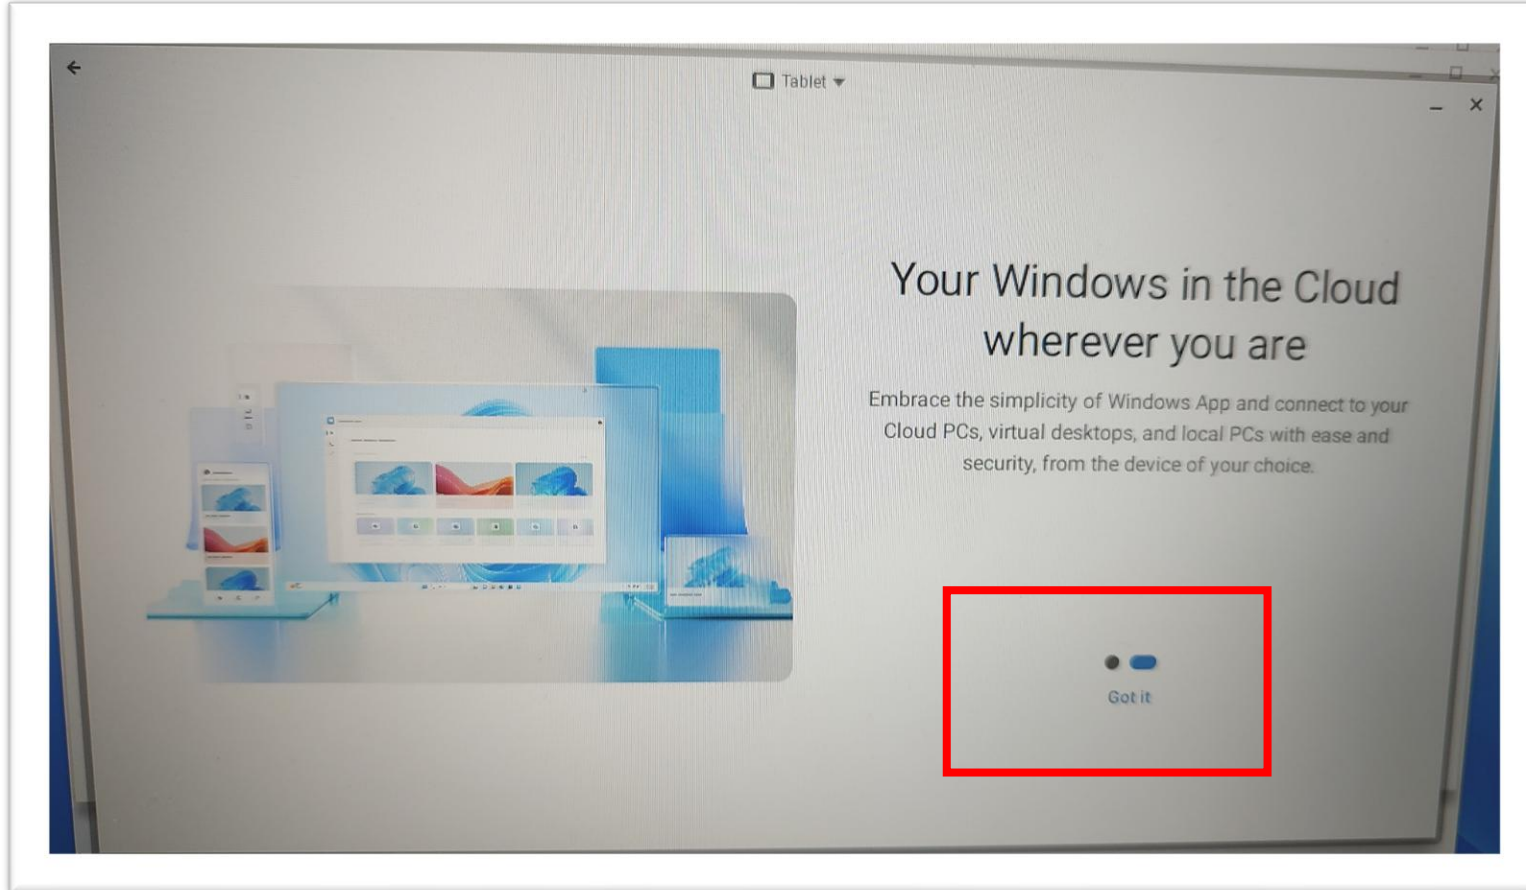

Click “Accept”

Click on the blue button or “Skip” to proceed.

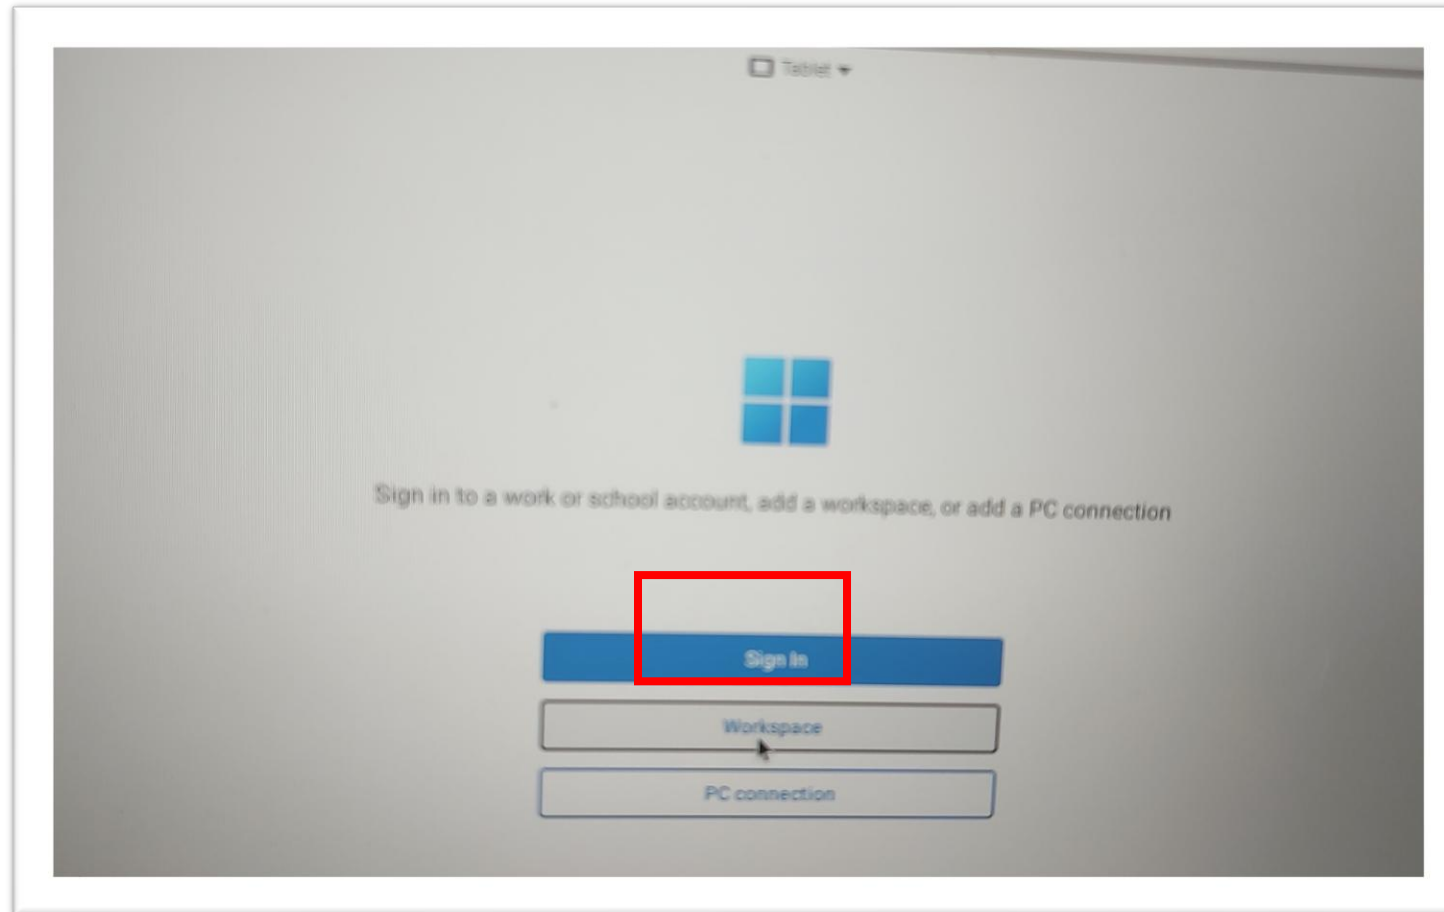

Click on “Got it”

Click on “Sign In” and follow all prompts to sign in.

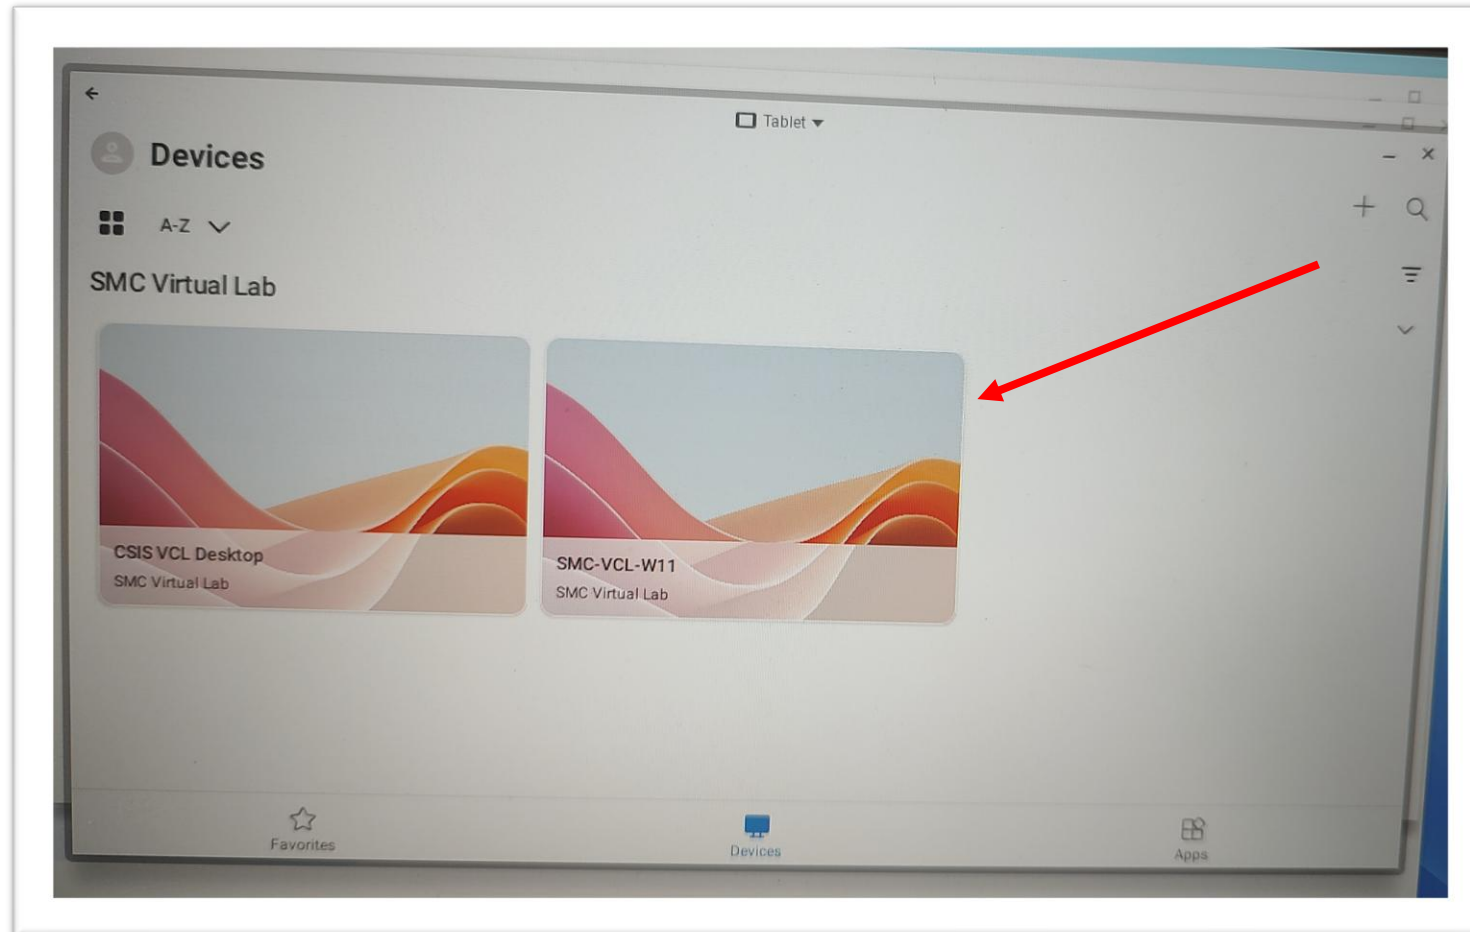

- Use your full SMC email account.
- Student format: last_first@student.smc.edu
- Employees: last_first@smc.edu

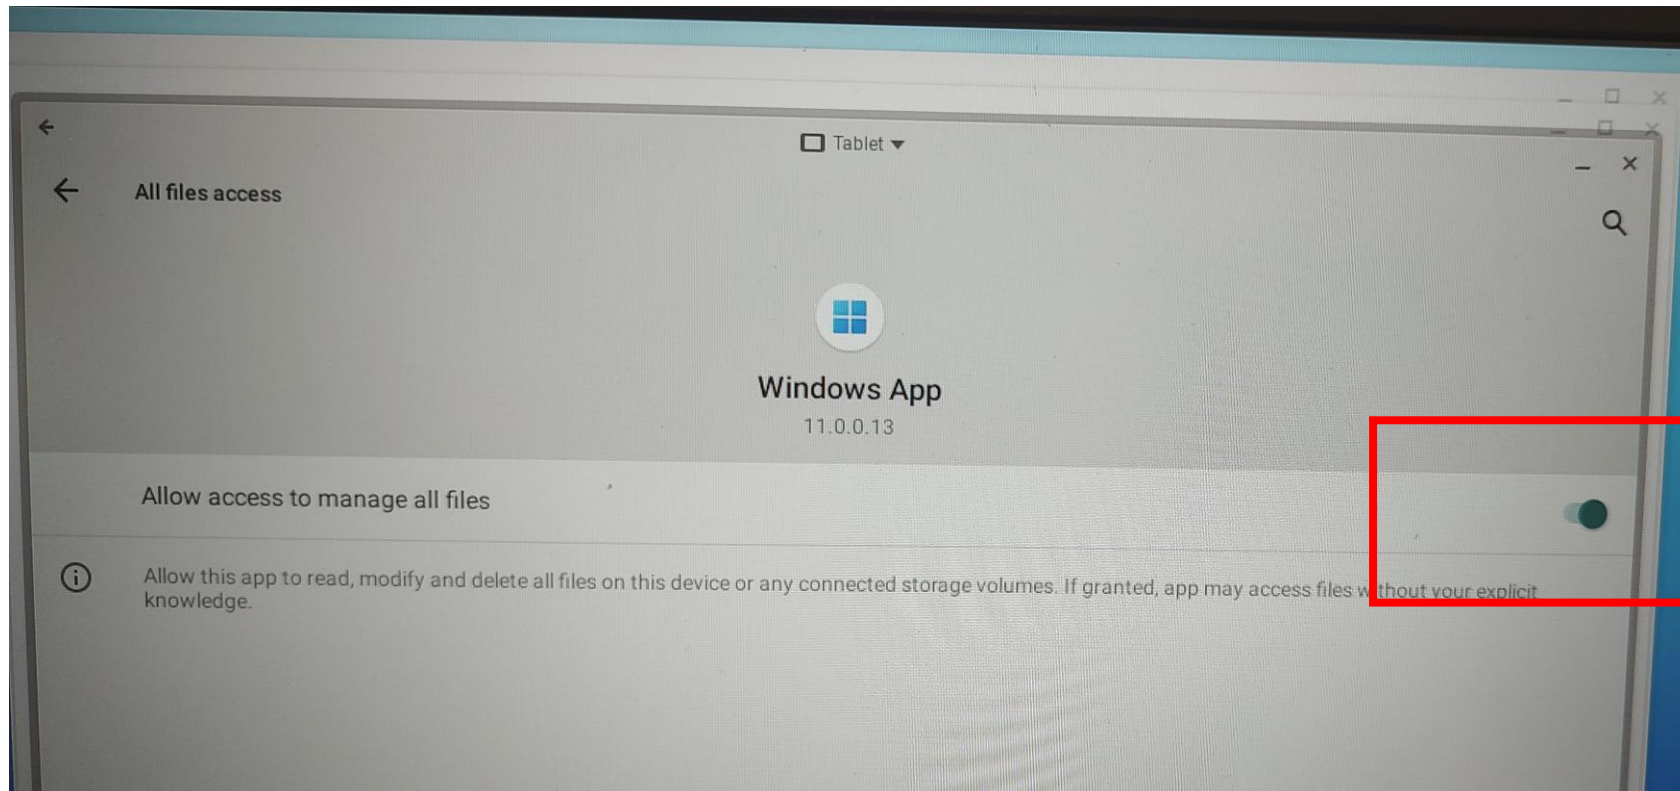

You should see something like the pic below.

Click on “SMC-VCL-W11”

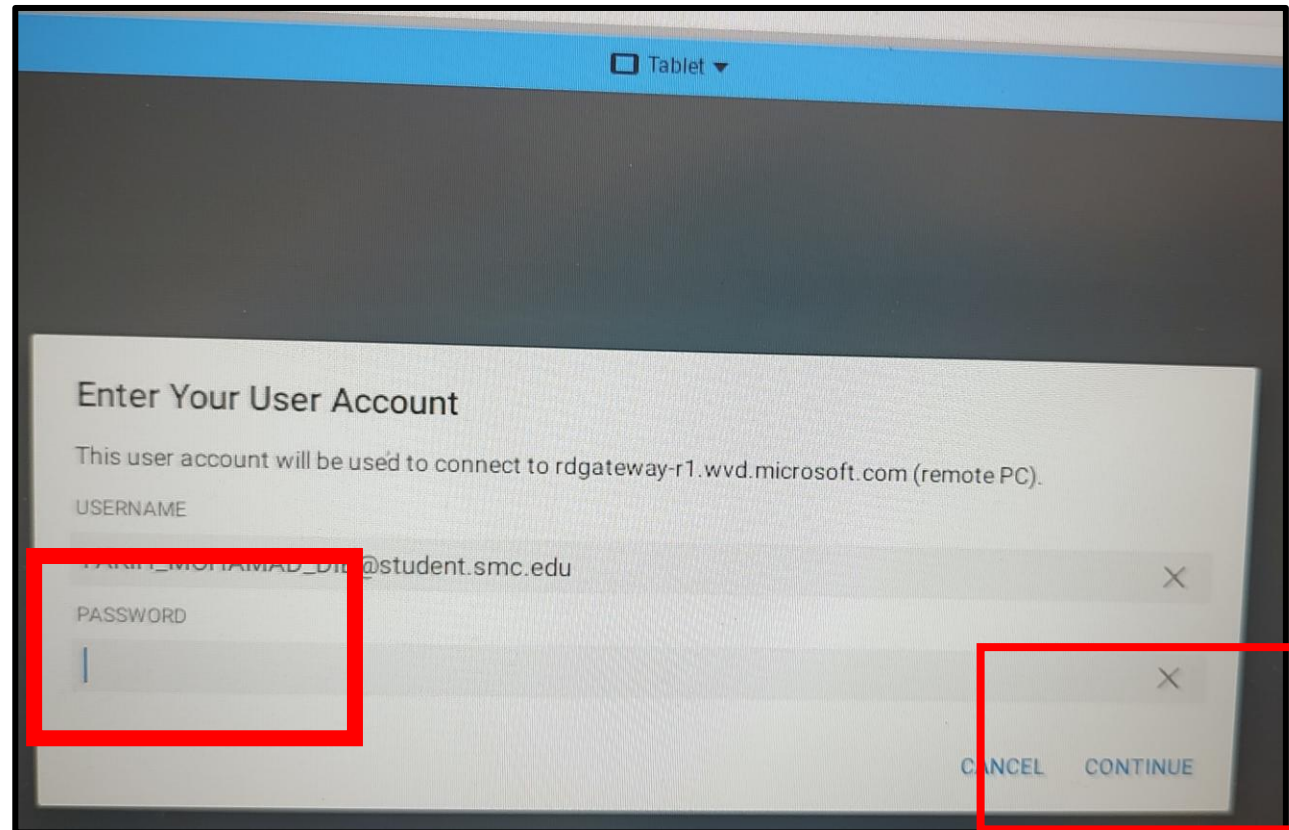

-- Make sure you are in “Devices”

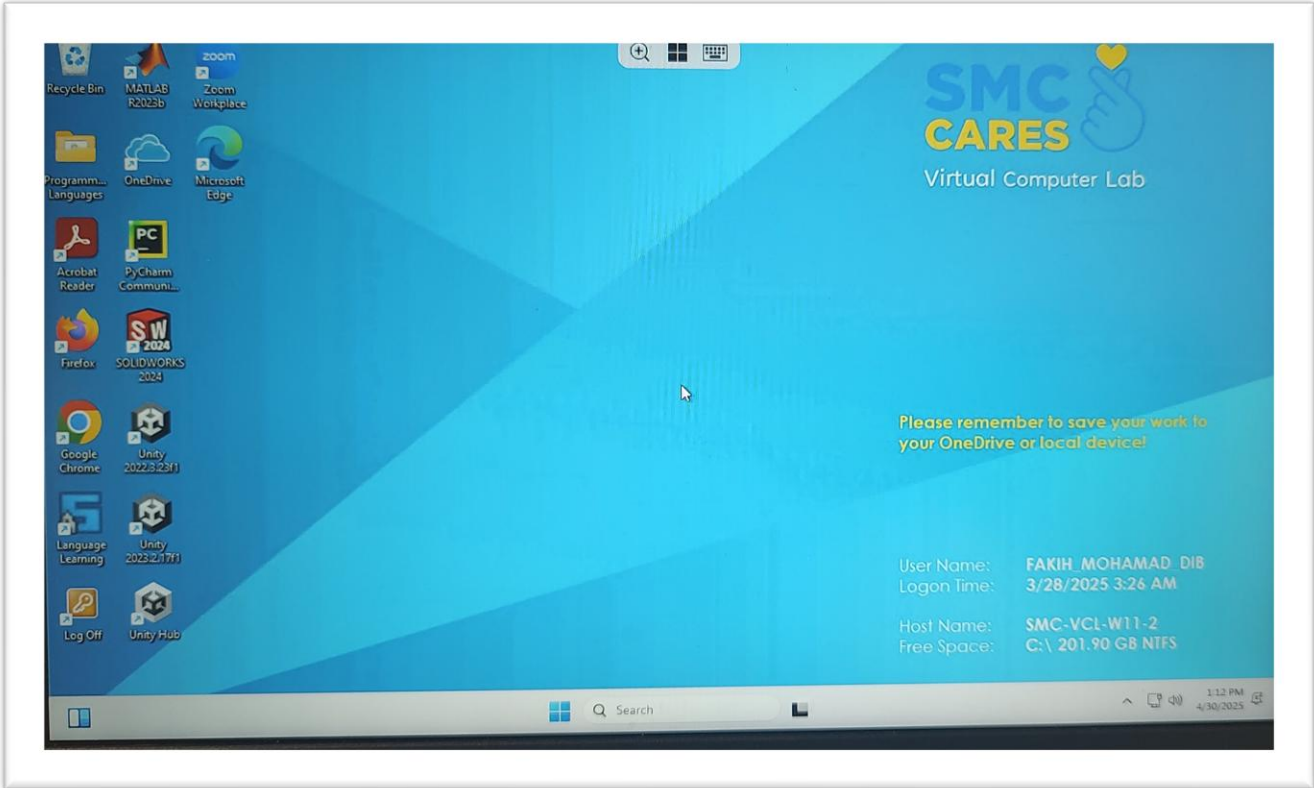

Click the sliding button to allow accessing your files. (optional)

Enter your SMC password to log in to the virtual desktop.
And click “Continue”

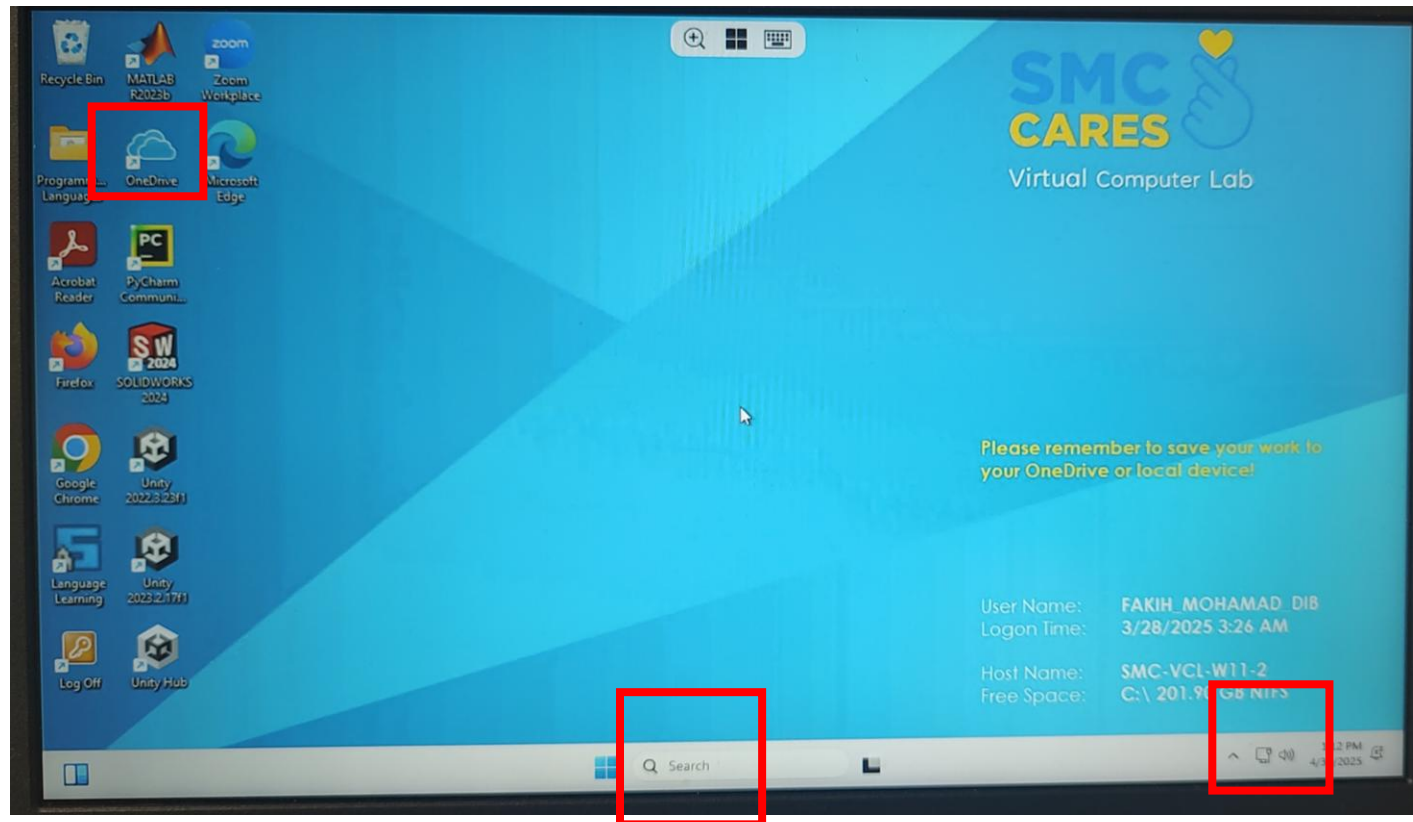

Wait for Windows 11 to load:

You can use OneDrive to save your files.

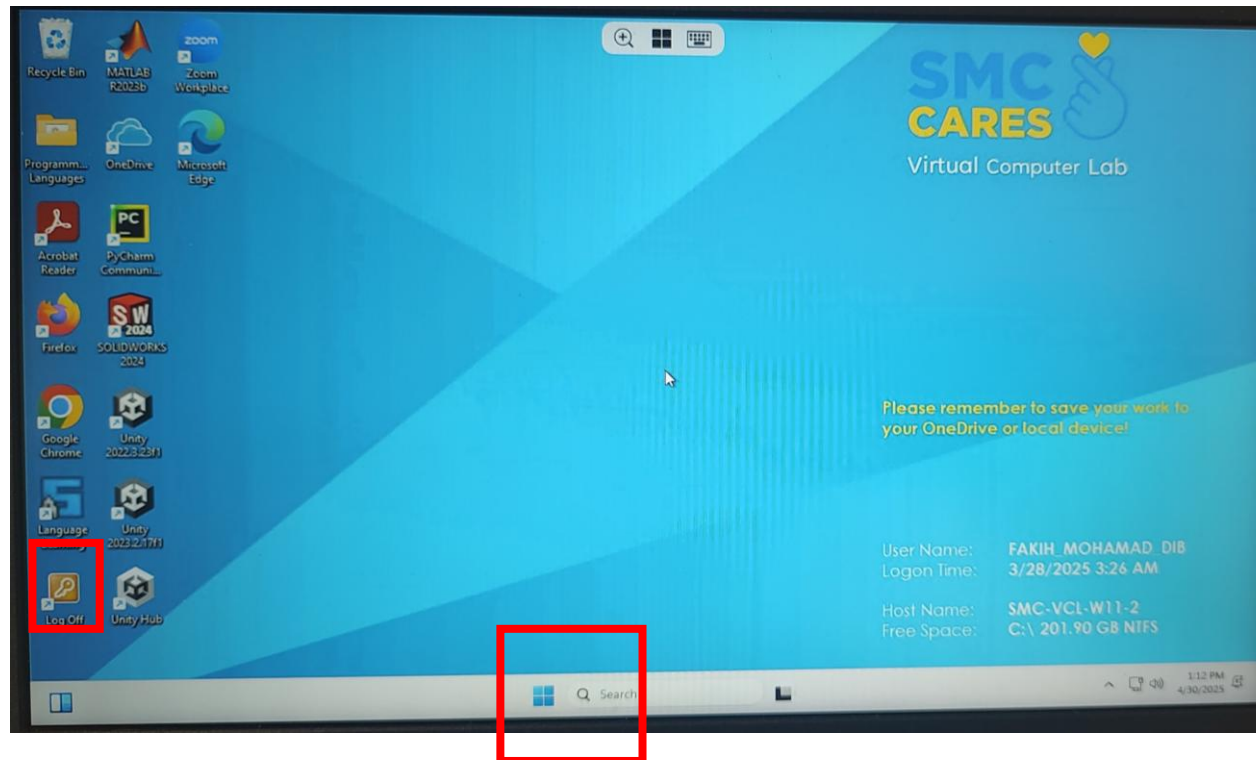

OneDrive can be found at:

- on the desktop,
- next to the clock or
- search for “OneDrive”

When you finish using the Virtual Machine, make sure you log off.

- Use the “Log Off” icon on the desktop or
- Click on your username and “Sign Out”
